

Oregon Coffee Roaster Catalog

OCR's Mission Statement:

“Oregon Coffee Roaster (OCR) has been a beacon of excellence since 1985, roasting premium coffees and sourcing specialty teas from around the globe. With a dedicated team boasting decades of experience, OCR is committed to understanding and meeting the unique needs of businesses like yours.

We recognize that the key to your success lies in offering a superior selection of coffees. That's why we meticulously select only the most distinctive beans, crafting hundreds of roasts, flavors, and blends, including custom creations tailored to your specifications.

As owner, Steve personally oversees every aspect of the process, from sourcing and cupping to roasting and packaging, ensuring that your order exceeds expectations every time.

At OCR, we swear by the Sivetz hot-air roasting method for its ability to deliver clean, consistent roasts that preserve the natural flavors of each bean. Our commitment to quality extends to hand-screening every batch of warm beans, guaranteeing a pristine product for you and your customers.

In addition to our unparalleled coffee selection, OCR imports premium teas from the finest gardens worldwide, offering a diverse range of options to delight even the most discerning palates.

With a legacy built on excellence and a passion for perfection, OCR is your trusted partner in delivering exceptional coffee and tea experiences since 1985.”
