## SUV KEY POINTS KNOW THE DIFFERENCE

**IF YOU'RE IN ONE OF OUR DISPLAY ROOMS ASK US  
FOR A DEMO OPENING AND CLOSING BEFORE YOU BUY!**

**Electric lift lids** On all pop top caravans, opens like no other.

**Electric steps** On all models.

**Full length electric rollout awning** Extends out past the fridge tray to protect from rain.

**New drop down drawbars** For better ground clearance.

**Electric lift jockey wheels with manual override** Override for ease of connecting to your car and stability (optional extra).

**400 - 800 Watts of Solar** Depending on model.

**XPS high density foam wall** On all model hybrids, cool in the summer, warm in the winter.

**Swing around stainless steel kitchen** Protecting you against the elements while cooking.

**Series 4 recovery suspension with bolt on stubs** For ease of changing out complete hub and stub with 4 bolts.

**Massive pantry drawer space** At the end of your fridge tray.

**Internal Kitchenette** with fridge, induction cooktop & microwave (on most models).

**Renogy 2000 Watt inverter** To run induction cook tops and coffee machines with ease.
