- I grew up on a dairy farm in Franklin County where I was responsible for waking up and doing farm chores every morning before school. Some people don't look at this at being much and are confused why I was never involved in other outside activities, but I truly believe this taught me more responsibility and dedication than any sport or club could have.
- I worked at Norton Eyecare in Farmington for 2.5 years where I was an optometry technician and took on many other roles in the office. Not long after being there, I was responsible for training new employees and keeping prescriptions in stock.
- I currently have run my own cleaning business for 3 years and continue with this to put myself through school.

Once I graduate and earn the title of RN, I plan to continue my education and obtain my Bachelor of Science in Nursing. Advancing my degree will allow me to expand my clinical skills, take on greater responsibility, and better serve the patients who depend on me. My goal is to begin my nursing career at Franklin Memorial Hospital in Farmington, Maine, a place that has always felt like the heart of my community. I hope to give back by providing compassionate, evidence-based care to the people and families who have shaped my life.

In the long term, I aspire to become a cardiac specialist nurse. Cardiovascular disease has deeply affected members of my own family, and witnessing their struggles has motivated me to pursue a role where I can support patients facing similar challenges. Maine has a significant need for cardiac care providers, especially in rural areas, and I want to help fill that gap. By specializing in cardiac nursing, I can contribute to improving health outcomes, reducing preventable complications, and offering comfort to patients during some of their most vulnerable moments.

The nursing shortage continues to impact our state, and I believe my dedication, empathy, and commitment to lifelong learning will allow me to make a meaningful difference. This scholarship would help me continue my education, reduce financial barriers, and move one step closer to serving my community as the nurse I aspire to become.

I am pleased to write this letter of recommendation for Brooke Bailey in support of her scholarship application. I have had the privilege of knowing Brooke for close to 10 years, and throughout that time she has consistently demonstrated exceptional dedication, integrity, and determination in all that she pursues. Brooke stands out not only for her strong academic abilities, but also for her maturity, leadership, and genuine commitment to personal growth and community involvement. She approaches challenges with resilience and a positive attitude, consistently striving to exceed expectations while maintaining a high standard of excellence. Brooke is dependable, compassionate, and driven—qualities that make her both a respected peer and a natural leader. I am confident that she will make the most of any opportunity she is given and will continue to achieve great success in her academic and professional endeavors. I strongly recommend Brooke Bailey for this scholarship, as I believe she is truly deserving of this recognition and support. Sincerely, Angela Ryan, adryan160@yahoo.com
