By signing above you give authorization to the Franklin County Chamber of Commerce to use your name and application information for purposes of promoting the David Robie Memorial Scholarship Program.

On a separate piece of paper, please provide an essay describing: Your personal goals and aspirations after college and how your education and talents could benefit the business environment in Franklin County. (minimum 200 / maximum 300 words)

My personal goals as not only a student, but an individual are to help out communities: I plan on attending college where I can earn a degree in public administration with a minor in economics or political science. I plan on attending law school, becoming a lawyer, and using my knowledge on the law to help people through difficult situations, and make use of the education I receive to aid incorporate/business ordeals specifically. Now on to my talents, I consider myself very driven, and a curious-mind. When I start to encounter new information, I really enjoy consuming it, learning about it, and showcasing what I know. My knowledge of the law will only grow, and my passion for it will go right along with it. I want to understand how the world works, apply what I know, and give back to those in the community who have not just helped me, but people who need my help in general. Now specifically regarding Franklin county, I plan on staying in the area, possibly working at Mills, and Mills. I have already had an internship there where I helped in organizing the law firm, but I would enjoy being able to help people with their business issues through the passion of the pursuit of knowledge. Franklin county is my home-town, I am from New Sharon, and the least I can do is benefit my home-town, new Sharon, and give back to the Farmington community as well.
