To Whom it May Concern,

It gives me great pleasure to recommend Colin Woerle-Logan as a candidate to receive your scholarship or for any other opportunities he may pursue. Colin is a student in my AP Calculus class.

Colin has a wonderful rapport with his teachers, peers, and others. They speak highly of him as a person. He leads by example and puts those around him at ease with his friendly manner. He is always willing to lend a helping hand and does so with a smile.

The skill Colin shows in mathematics sets him apart from his classmates. He does not shy away from a challenge. He is a deep thinker, problem solver, and is always ready for a challenge. When the going gets tough, he puts in the extra time and effort required to achieve success. Colin has the ability to work independently and complete assignments. He accomplishes each task with a very positive attitude.

At Mt. Blue he used his leadership skills to found the Debate Team 4 years ago. As a member of the team he has grown and developed his communication skills over the last several years. This is exemplified by his taking third place in states and receiving four national qualifications, twice for NSDA nationals and twice for NCFL nationals.

I am honored to have had the opportunity to know Colin. With his knowledge, skills and motivation he is sure to be successful in whatever he chooses to pursue. I highly recommend him to receive your scholarship.

If you have any further questions please do not hesitate to contact me. I can be reached at 207-778-3561 ext. 4222

Sincerely,

Jocelyn Cahill

My name is Colin Woehrle-Logan, and thank you for considering my application. I plan to major in finance with a concentration in corporate finance and a minor in accounting before moving on to law school to eventually become a lawyer who specializes in corporate law. I hope to use my education in a variety of ways, from contract negotiation to protecting businesses from fraudulent lawsuits and bad faith actions. As a future corporate lawyer, I hope to ensure larger businesses act as both legal and ethical business partners in my community to provide an economic boost to the county and generate the least amount of friction with the small businesses that are important to Maine's way of life. Many of the businesses I see get their products from larger companies, such as book stores like Devany Doak & Garretts, cooking supply stores like Mixed Up, and more. Depending on where I go as a corporate lawyer, I could help maintain relations between Franklin counties businesses and others. I believe that the skills I developed in debate give me a strong foundation to achieve my academic goals, so a scholarship will not go to waste. Given the myriad of directions my chosen career path could take me, I imagine there are even more skills and opportunities that could benefit my community in ways I can't even imagine

Thanks again for your consideration
