To Whom It May Concern:

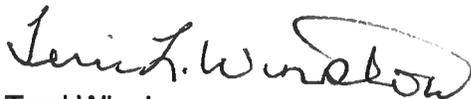

I am pleased to provide a letter of reference for Elizabeth Strickland. As an Advisor for the Mt. Blue Interact Club, I have been pleased to watch Elizabeth's leadership skills grow over the past several years. As Vice President of the Club last year and as the current President, Elizabeth has proven herself to be an exceptional leader, bringing the group together and keeping them focused on our mission.

Elizabeth has the ability to bridge gaps between different student groups, fostering an environment where every member feels heard and valued. Under her guidance, the club has seen a significant increase in engagement and morale.

Elizabeth is a young woman of integrity and profound kindness, leading by example and never asking more of her peers than she is willing to give herself. Her dedication to the values of the Interact Club – service above self – is evident in everything she does.

I have no doubt that Elizabeth will bring this same energy, leadership, and community-minded spirit to your campus. I recommend her with the highest degree of confidence.

Sincerely,

A handwritten signature in cursive script that reads "Terri Winslow". The signature is written in black ink and is positioned above the typed name and contact information.

Dear Scholarship Committee,

I spend most of my time in the woods and water of Franklin County, whether I'm skiing, canoeing, running, or painting. These landscapes are the foundations of my professional goals

After college I plan to leverage my degree and experience in Outdoor Leadership, Education, and Tourism to build a career that sustains our outdoor economy. Having worked with organizations like Saddleback Mountain, Titcomb Mountain, and the High Peaks Alliance, I have seen firsthand how accessible outdoor recreation builds a close-knit and resilient community.

I'm excited to explore opportunities within the industries of skiing, paddling, boatbuilding, and most importantly, backcountry medicine. Growing up in a family of doctors and nurses I have learned to be comfortable with the uncomfortable - a skill that goes hand-in-hand with creating safety and comfort in the outdoors.

As a young-woman entering a typically male-dominated field it's especially important to me to create space for women and girls in the outdoors. My transition from a shy, nervous, freshman to the leader I am now, and will continue to become, was made possible by outdoor recreation and the girls that introduced me to them. These experiences have taught me that grit and determination are the ultimate equalizers.

Knowing that the early (or late, for that matter) years of guiding and education are not high-earning, this scholarship would provide the support to earn my degree and gain the skills and knowledge I need for a successful career while maintaining financial stability. My goal is to see that Franklin County remains a place whose outdoor recreation is managed by those who love and know it best.

Thank you,

Elizabeth Strickland
