Important! All deductions must be substantiated with written records. Written records include canceled checks, printed/email receipts (*especially for payments made with cash*), bank statements showing debit card transactions, credit card statements and payment statements from online merchant processors such as PayPal, Apple Pay, Google Pay, Venmo, etc. In some cases multiple documents are necessary to substantiate not only from whom something was purchased, but an identification of the item that was purchased. Special record keeping requirements apply for travel, meals, gifts, and auto expenses.

Bank statements and credit card statements are not enough to substantiate an expense. An itemized receipt is ALSO required in order to prove what was purchased. A bank statement showing "Amazon" would also need to be accompanied by a receipt to prove what the purchase from Amazon was for.

I CERTIFY THAT I HAVE LISTED ALL INCOME, ALL EXPENSES, AND I HAVE DOCUMENTATION TO COMPLY WITH THE ABOVE STATEMENT TO PROVE THE FIGURES ENTERED ON THIS WORKSHEET
