

Honoring every child for over 40 years!

Dear Acorn Community Partner,

At Acorn Montessori School, children learn through exploration, purposeful work, and discovery. Our beautiful five-acre campus provides opportunities to bring that learning outdoors, where children can garden, observe nature, create, and collaborate.

We invite you to support our **2026–2027 Annual Campaign, Rooted at Acorn: Renewing Our Campus Together**. Our goal is to raise **\$35,000 by December 31, 2026**, to renew and enhance our outdoor learning environments.

Your corporate gift will help support:

- **Outdoor classrooms and learning areas** with seating and work surfaces for reading, art, science, and hands-on activities.
- **Gardens and nature exploration** through refreshed gardens, sensory experiences, and native and pollinator plantings.
- **Campus beautification** through landscaping and improvements to natural gathering spaces.
- **Fencing, gates, and outdoor infrastructure** to care for the campus that supports our students each day.

These improvements will enrich children's experiences while addressing important campus needs. Projects will be prioritized based on funds raised, costs, and school needs, with improvements planned for spring and summer 2027.

Please consider a corporate contribution of **\$500, \$1,000, \$2,500, or \$5,000**, or another amount meaningful to your organization. We also welcome conversations about contributions of materials or professional services that align with our campaign priorities.

By supporting Acorn, your company will help nurture children's curiosity, independence, creativity, and care for the natural world. Your investment will benefit today's students and the families who join our school in the years ahead.

To make a gift or discuss how your organization can participate, please contact me at donate@acornschoool.org. As a thank you, we will proudly display your corporate logo on our corporate donor page.

Thank you for considering this opportunity to invest in children and our local community.
