

Give Your Audience a Talk They'll Never Forget

— *and skills they use the moment they walk out the door*

YOUR ATTENDEES WILL LEAVE WITH:

- ✓ Three Power Phrases they use on their very next conversation — that close deals, build relationships, and stop toxic people cold
- ✓ A name for the invisible force that has kept them quiet, small, and underpaid — and tools to break it before bed that night
- ✓ A mindset reset that outlasts applause — and doesn't fade by Monday morning
- ✓ Permission to rewrite aging on their own terms — funny, fierce, and backed by 50 years of lived experience
- ✓ Courage to ask for what they're worth — in business, relationships, and life
- ✓ A referral and relationship system they can activate immediately — without being salesy

"Your audience leaves with new skills they use the moment they walk out the door."
