

# STOP WORKING A JOB. START BUILDING A CAREER!

Are you looking for a career that offers competitive wages and good benefits with room to grow? Now is a great time to launch a career in manufacturing!

*“While interning at Absolute Machine Tools, I’ve discovered a fascinating career. And I’m learning something new every day! Now I’ll be going on to college to pursue an engineering degree with goals of moving up in the company.”*

— **Emily G.**  
Applications Engineer  
Absolute Machine Tools

## ABOUT THE LCMSP

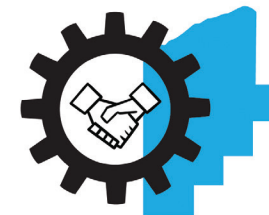

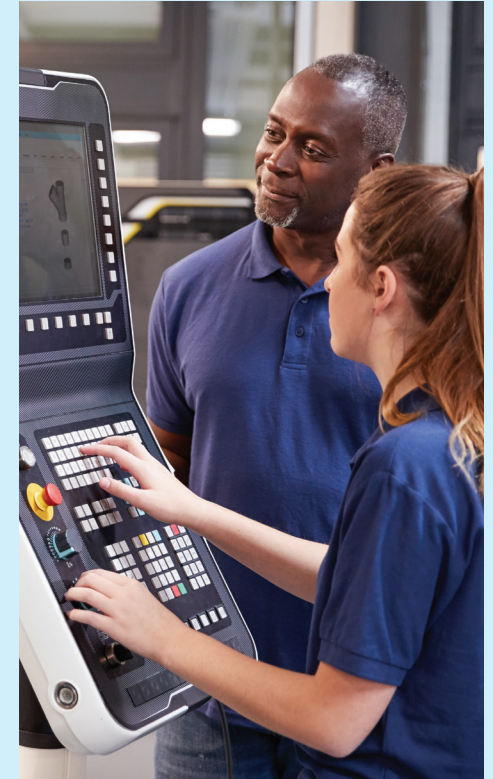

The Lorain County Manufacturing Sector Partnership (LCMSP) is an employer-led group committed to promoting manufacturing and growing the region’s available workforce. We can help navigate the various educational and training opportunities to turn your interests into a successful career within Ohio’s manufacturing industry.

***Do Something That  
Fuels Your Passion, Not  
Something That Burns  
You Out!***

## MANUFACTURERS NEED YOU!

- Manufacturers in Ohio make practically anything you can imagine—from cars, paint and American flags to jet engines, ATM machines and welding equipment.
- Thousands of jobs with good pay, benefits, and growth opportunities are available RIGHT NOW for skilled, educated workers throughout Ohio.
- Manufacturers need all kinds of people with all kinds of talent to succeed. Once you're in, there are many opportunities for growth.

## 5 REASONS TO CONSIDER A CAREER IN MANUFACTURING

**\$61,500**

This is the average annual salary of Ohio manufacturing workers with career pathways to higher wages.

**700,000**

Ohioans have jobs in manufacturing.

**\$43 billion**

Ohio's annual payroll from manufacturing jobs.

**14,000**

Manufacturing businesses in Ohio.

**92%**

Percentage of U.S. manufacturing workers who are eligible for health coverage. Jobs typically offer paid vacation paid training and other benefits.

*"The LCMSP connects jobseekers and students with manufacturing career paths that include training and industry certifications without incurring a mountain of debt."*

— **Ryan Bixler, HR Manager**  
Bettcher Industries, Inc.

## HOW MANUFACTURING PAYS OFF

Forget what you may have heard about manufacturing jobs in the past. Today's manufacturing offers rewarding careers that feature:

### Attractive Compensation Packages

Manufacturing offers competitive wages, good benefits, and growth opportunities in state-of-the-art facilities and fast-paced work environments.

### Earn and Learn

Many manufacturing jobs include on-the-job training, tuition reimbursement, and paid certifications.

### Cutting-Edge Technology

Manufacturing today spans high-tech industries—providing challenging, satisfying opportunities to work with innovative, cutting-edge technologies.

### Environmental Improvements

U.S. manufacturers added nearly 20% more value to the economy over the past decade while actually reducing Greenhouse Gas (GHG) emissions. Ohio manufacturers lead statewide reduction and recycling of Ohio-generated waste.
