B. DISADVANTAGED COMMUNITY FEE REDUCTION APPLICATION & DETERMINATION - For State Regulated PWSs Only [?](#)

- ☐ Check this box if you are **requesting** a Disadvantaged Community (DAC) fee annual reduction. You must complete a DAC Certification Form (https://www.waterboards.ca.gov/resources/fees/drinking_water/docs/dac_certification_form.pdf) and upload the form below. Once you have completed the form found in the link, save it to your desktop, and use the upload feature below beginning with "Choose Files."

Before receiving a fee reduction, State Water Resources Control Board must conduct review.

[Choose Files](#) No file chosen

If you have questions about completing DAC Certification Form or about the DAC fee reduction, please contact our Customer Support team at DDW-EAR@waterboards.ca.gov (mailto:DDW-EAR@waterboards.ca.gov).

0%

Beginning with the billing cycle for fiscal year 2026-2027 the process of how a water system will receive a DAC fee reduction is proposed to change, which would result in a replacement of the current DAC Certification Form process. The State Water Board plans to assess whether your water system qualifies as a DAC water system—defined as serving a population with an income below 80% of the Statewide Median Household Income—using the annual Drinking Water Needs Assessment. Please note that these proposed changes will not impact the fiscal year 2025-2026 billing year invoice. If your water system's DAC status changes due to the new regulations, the Division will notify you directly.

5. Source Inventory?

Section A

(A) Small Water System Source Type

As a Small Water System ?, sources are listed in Section A tables by either groundwater or surface water. The existing inventory is prefilled for groundwater sources in table A1, and for surface water sources in table A3. You may view these sources at Public Drinking Water Watch (https://sdwis.waterboards.ca.gov/PDWW/). You may suggest inventory updates for groundwater sources in table A2, and for surface water in table A4. For any source(s) not listed, please select “Email for Help on this page” at the bottom of this page to be connected with your Regulating Agency.

A1. Groundwater Source Inventory - Existing ?

Source ID	Source Name	Source Activity	Source Type, Availability
002	WELL 02	A	Well Permanent

A2. Groundwater Source Inventory - Updated

Add the Source listed from above and describe any changes. An example might be a change to activity or availability. Must include comment describing change listed.

Note: Please include Source ID and Source Name as displayed in table A1.

To add a new row, select the green plus sign in the upper right corner of the table. To remove a row, select the trash can at the end of a row. Save changes by selecting the green check mark at the end of the row.

8. Customer Charges ?

About water rates and financial data; Senate Bill 200 (2019) updated Section 116530 (a) of California's Health and Safety Code allowing for the State Water Board to request information regarding financial capacity. Technical, managerial and financial capacity of a water system are critical components of its sustainability and resiliency. California Health and Safety Code Section 116530 now states:

(a) A public water system shall submit a technical report to the state board as part of the permit application or when otherwise required by the state board. This report may include, but not be limited to, detailed plans and specifications, water quality information, physical descriptions of the existing or proposed system, information related to technical, managerial, and financial capacity and sustainability, and information related to achieving the goals of Section 106.3 of the Water Code, including affordability and accessibility.

8(C) Affordability

C1. Shut-offs

Senate Bill 3 (2023) extended Senate Bill 998 requirements to all community water systems.

Community water systems shall report the number of annual discontinuations of residential service for inability to pay to the board and on the water system's internet website (if a website exists).

A community water system that serves 200 or more service connections shall have a written policy on discontinuation of residential service for nonpayment available in English, Spanish, Chinese, Tagalog, Vietnamese, Korean, and any other language spoken by at least 10 percent of the people residing in its service area.

A community water system that serves fewer than 200 service connections shall have a written policy on disconnection of residential service for nonpayment available in English, any language spoken by at least 10 percent of the people residing in its service area, and, upon request of a customer, in Spanish, Chinese, Tagalog, Vietnamese, and Korean.

"Residential service" means water service to a residential connection that includes single-family residences, multifamily residences, mobilehomes, including, but not limited to, mobilehomes in mobilehome parks, or farmworker housing.

"Urban and community water system" means a public water system that supplies water to more than 200 service connections.

C1.1 How many accounts for Residential service connections had their water shut-off once during the year due to failure to pay?

	Occupied Accounts	Unoccupied Accounts	Unknown Accounts	Total*
C1.1a Residential Accounts	0	0	0	0
C1.1b Single-Family Accounts	0	0	0	0
C1.1c Multi-family Accounts	0	0	0	0

☐ --Pick one--

C1.7 Do you offer an extended repayment or other customer payment assistance plan? ☒ Yes

☒ No

C1.8. What is the number of residential accounts (single-family, multi-family, and mixed use that include residential) that were missing one or more required water bill payments at the end of your year?

C1.9. Comments on Shut-offs (publicly available):

C1.10 Does your water system transfer customer arrearages (unpaid water bill debt) to a third-party after a certain period of delinquency?*

☐ --Pick one--

☐ Yes, to the County (Teeter Plan)

☐ Yes, to a third-party debt collector (not County)

☒ No, customer arrearages are not transferred away from the water system

☐ Other

C1.11: Enter website address where the number of annual single-family and multi-family residential service connections/accounts water shut-off information (refer to question C.1.1) for the inability to pay is posted:

C1.12: Check the box, if you do not have a website available. ☐

C2. Residential Customer Assistance

C2.1 In the reporting year, did you offer any of the following types of bill assistance to customers?

☐ Low-income water rate assistance

☒ Flexible payment terms

☐ Alternative payment terms

☐ Temporary assistance

☐ Special medical need

☐ Other types of assistance

☐ None

☐ --Pick one--
C2.7 Does your system partner with an outside entity (e.g. United Way) to provide assistance to low-income households? ☐ Yes ☒ No
