

Wholesale Plants and Products Pty Ltd

38-42 Duncan Road DRY CREEK SA 5094

Thank you for registering with Wholesale Plants and Products (WPP).

WPP has proudly supported the horticultural industry for over 30 years. Originally founded as a cash-and-carry market supplying garden centres and landscapers with a variety of South Australian growers. We have since grown into a nationally recognised hub—offering a diverse range of plants from across Australia, starting with everyday favourites, to rare and collectible varieties. We continue to operate as a cash-and-carry market exclusively for professionals of the horticultural trade.

WPP has a small team of onsite Sales Representatives, and currently they are at full capacity and unable to take on new clientele. We strongly encourage customers to visit us in person and shop directly. Our inventory changes daily, and there's always something new and inspiring to discover.

Please note:

- WPP is a horticultural trade-only business. We are only able to serve the two individuals whose names appear on the registered trade card. Unfortunately, this means we cannot serve friends, family members, or clients of the registered cardholder.
- Please note we are a wholesale market and don't offer gardening advice.
- During peak periods, our sales team may take up to 72 hours to respond to emails or phone calls. For the fastest service and widest selection, visiting in person and utilizing our cash-and-carry facilities is highly recommended.
- Please ensure when visiting you are prepared and capable for heavy lifting when purchasing stock, i.e. bringing someone, a sack trolley, etc.

Thank you for your understanding—we look forward to seeing you in-store soon!
