A Note to Our Churches:

Just like managing costs at home and in our local communities, the expenses required to host our annual gathering, from convention center space and technology to printing and essential support, continue to rise each year. To maintain the quality and fellowship of our meeting after experiencing higher overall costs in Hot Springs, we kindly ask each church to prayerfully consider a meaningful increase in its giving to the Expense of Meeting Fund. Your faithful support is what makes our annual messenger assembly possible.
