

THE POPES CALL US TO ACT

In recent meetings, St. Pascal's Social Justice and Caring Committee reviewed Catholic Social Teaching, *Live Wisely** (a summary of encyclical from both Pope Benedict and Pope Francis), and the recent encyclical *Dilexi Te (On Love for the Poor)* from Pope Leo. We have come to realize that all are called to extend our faith through action for charity and justice to those in need. You can find these documents at our Social Justice page on the St. Pascal's website by going to

*act justly,
love mercy,
walk humbly
with your God.*
micah 6:8

Through our baptism all of us are called to serve others by giving of ourselves to those we serve, just as Jesus did. Yes, we can study scripture, follow our beliefs, and receive sacraments, but as disciples we are also called to find ways to stand in solidarity with others as part of our daily lives.

We may not change the whole world, but we can impact the lives of those we meet and serve when we **See, Judge, and Act** through the lens of Catholic Social Teaching:

- We **See** the reality of human need around us;
- We **Judge** the situation to identify the appropriate response to these needs; and
- We **Act** personally and/or collectively to offer “charity” that meets immediate need and/or engage in “Social Justice” that results in permanent and systemic change.

Pope Leo has recently emphasized that all Christians must appreciate the close connection between Christ's love and his summons to care for the poor, the powerless, and the marginalized in our society. Every disciple can help spread the word of love and justice to all within our parish community, encouraging the practice of service and action as part of each person's Catholic faith.

St. Pascal's is known for its hospitality and service to the common good by working to meet the needs of our neighbors in this time and place. As we enter a new year, consider how you can answer the call to serve. Some ideas include:

- Joining a cause for change;
- Spreading the Word that shows you care;
- Writing a letter to a government official supporting issues of charity and justice in our community;
- Visiting with a neighbor who needs help and support; or
- Serving at a food shelf, like the monthly Merrick food distribution here at St. Pascal's or the weekly Fishes and Loaves program at our neighboring Progressive Baptist church.

A variety of ways the Social Justice and Caring Committee is engaged and encourages others to be involved in the work of Catholic Social Teaching can be found on the reverse side.

**Live Wisely* was written by Dr. Bernard Brady who is a professor of theology at the University of St. Thomas.
