

Landscape Management | Grounds Maintenance | Commercial Installation | Snow and Ice Management

## CAPABILITY STATEMENT

Established in 1876, Akehurst Landscape Service Inc. is an industry leader as one of the nation's oldest horticultural firms. We provide safe, efficient and professional landscape management services including Landscape Enhancements, Grounds Maintenance, Landscape Installation, and Snow & Ice Management Services.

## CORE COMPETENCIES

- **Landscape Management and Contracting:** We provide full package management of the landscape and landscape contracting to include installation and maintenance for commercial, industrial and governmental facilities, from single properties to a property management company's full portfolio of properties.
- **Grounds Maintenance:** Providing landscape maintenance packages including mowing, weeding, trimming, pruning, plant health care, turf applications, Storm Water Management and porter services.
- **Snow & Ice Management:** Offering varying trigger depths to meet site accessibility needs and safety, providing Zero Tolerance services and keeping your site safe and accessible is our "A" game. Plowing, Bulk Salt, Salt Brine, and Icemelt for Asphalt, Concrete and Brick Paver areas. Stacking, moving and hauling equipment for heavy snow events. Utilizing methods of the Sustainable Salt Initiative.
