BEACH, CLUB, EVENTS

MELORYD is mixing „feel-good music“ for happy people at any location. His audience appreciates the lounging vibes merged with lovely and energetic sounds. That's one of the reason why is MELORYD the perfect compliment for your beach, club or event.

TECHNICAL REQUIREMENTS

The following requirements are supplied at no cost to the artist:

- Main PA, show lights, table for the equipment, 230V plug
- DJ Setup: Denon DJ Prime (SC6000, X1850) or Pioneer NXS2 Setup with latest firmware installed.

For small venues like a pop up beach bar MELORYD performs with his own Pioneer DJ Controller with XLR or Chinch Out.

PROFILE

The Germany-based melodic house DJ and producer was born in North Rhine-Westphalia and now lives between Cologne and Frankfurt.

His DJ business has existed for over 25 years, shaped by his passion for vinyl. Today, MELORYD's music focuses on an energetic concept with a relaxed basic character and describes a melodic ride through progressive house and techno vibes. The naming MELORYD is also a synonym for his creative works. The sound characteristics combine soulful lead sounds with a light techno beat and harmonious melodies. You should watch MELORYD closely in the future, because the mix sessions on stage are characterized by pure energy and are compatible with clubs, festivals and beach lounges.

PROFESSIONAL SKILLS

MELODIC TECHNO

An atmospheric melodic mix of soft techno sounds and deep house. This kind of music builds up over a soft harmonic middle part and then captivates with pure energy in the 118-125 bpm range.

PROGRESSIVE HOUSE

This music style is composed of influences from deep house, trance, tribal and techhouse. In the sound you can find many pads, melodic elements and also, as if randomly interspersed, sound effects.
