Columbus Needs **Club Kids**

Club Kids Need You.

Every community deserves a place that *supports children.*

For working families, that support means knowing their children have a safe, welcoming place to go after school and throughout the summer. Boys & Girls Clubs of the Chattahoochee Valley helps bridge that gap by providing safe and affordable, quality care where Club kids can learn, grow, build relationships, and thrive while parents work and provide for their families. We're not just caring for children; we're strengthening the families and workforce that make our community stronger.

THIS IS IMPACT.

During the 25-26 fiscal year we served 172,688 hot, nutritious meals and snacks.

The 2025-26 key events

Winter Highlight

YOUTH of the YEAR

Youth of the Year 2026 was an incredible evening. The 8-minute short film and the "Blueprint" theme set the tone for our connection to building a better Columbus. We can't wait for YOY 27, "ELEVATE" Rising leaders + limitless futures.

Summer Highlight

Mission: Exploration

Our "Mission: Exploration" themed camp had our Club kids enaged and on the move with art museums and fire stations on the field trip list.

Autumn Highlight

UPATOI POLO CUP

The Upatoi Polo Cup hosted the second annual "Little Chef-Big Chef" competition. This has become a staple for an already incredible event.

Spring Highlight

Women's Creative Collective

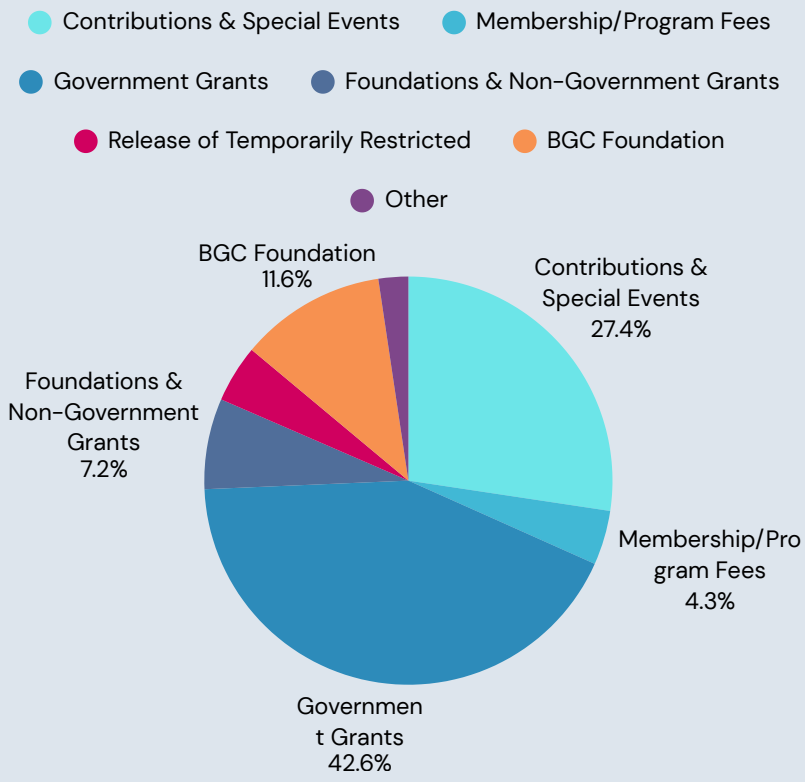

Celebrating Youth in Art

Successfully connecting artist to our Clubs was a very exciting addition to our Women's Creative Collective. This has become a great initiative for the arts that pushes beyond normal fundraising.

Read about Tristen
a story we're Celebrating!

From D's and F's to A's and B's, Tristen's story is proof that the right support can change a young person's future.

Tristen is a member of The CLUB Teen Center and attends Baker Middle School. He comes from a single-parent household living at the federal poverty level and has been a Boys & Girls Club member since 2024. When Tristen first joined, he was struggling academically and regularly earning D's and F's.

Over the past two years, Tristen has actively participated in our Academic Success programs, particularly Power Hour, where he has received additional academic support and learned strategies to better understand and apply the concepts taught in school.

Through his hard work, perseverance, and the support of our dedicated Club staff, Tristen has made remarkable progress. Today, he is earning A's and B's on his report cards! By developing stronger time-management skills and applying what he has learned at the Club, Tristen has transformed his academic performance and grown more confident in his abilities.

Tristen continues to strengthen his academic skills, embrace new challenges, and build a strong foundation for future success. His journey demonstrates the lasting impact that individualized support, encouragement, and access to learning opportunities can have on a young person's life.
