A Cremation Provider You Can Trust

Why Cremation with Confidence?

Due to national scandals, we understand that those who choose cremation might have doubts about

the process and procedures of crematories. Our 10-step cremation process guarantees that your loved one is well cared for at all times and that the cremated remains returned to you are those of your loved one.

This brochure will help answer any questions you may have about our 10-step process and the commitment we have to every family we serve.

*We believe in our
cremation process
so much that we
exclusively offer the
Cremation with
Confidence[™]
Guarantee.*

1.

Code of Ethics

At Weigel Funeral Homes, we have a strict code of ethics and procedures we adhere to while your loved one is in our care. We only use crematories that we know and trust to uphold those ethical standards. As part of our procedures, only a licensed funeral director will accompany your loved one to the crematory.

2.

Safeguarding Personal Identity

To ensure security, a personal identification band is placed on your loved one at the moment they are transferred to our care. Personal belongings, if released to us, are catalogued and placed in a secure area for their return to the family.

3.

Identification

Affixed to the top of the cremation casket or alternative container you choose, will be an identification label listing the name of the deceased and the name of our funeral home. This guarantees and safeguards a positive identity.

4.

Unique Tracking System

Upon arrival, your loved one is logged into our tracking system and assigned an identification number, which is stamped into a stainless steel identification tag. This number is used to track every phase of the cremation process. Our tracking system includes date and time of arrival at our facility and name of the transfer technician. Personal belongings are catalogued and placed in a secure area for their return to the family.

5.

Checks and Balances

Two individuals, a cremation technician and a funeral home staff member, will review all cremation paperwork and permits. This is to ensure authorizations and permits have been received and have been properly documented. Once all documentation is verified, both staff members must sign the cremation order, prior to the cremation.

6.

Cremation Log Book

Immediately prior to the cremation process, your loved one is taken to the cremation chamber and their personal identification is noted in our cremation log book. This log shows the name of the individual, date and time of the cremation, identification number and crematory operator's name. Our crematory log is dated and the start time is noted and initialed by a cremation technician before and after the cremation.

7.

Details During the Cremation

The crematory checklist, identification card and stainless steel identification tag are placed on the outside of the cremation chamber during the cremation process.

8.

Details After the Cremation

After the cremation is complete, the cremated remains are placed with the stainless steel identification tag into an urn. The identification card is placed into our permanent files.

9.

Return of the Cremated Remains

Our staff will notify you to schedule a time for receipt of the cremated remains. At this time, we will provide a dignified setting, in which to receive the urn, where you may spend a few moments, privately, in quiet reflection.

10.

Celebration of Life

We will assist in planning a funeral or memorial service either before or after the cremation, which will appropriately celebrate the life of your loved one. A meaningful ceremony provides an opportunity for family and friends to pay tribute to your loved one and to share the memories of a lifetime.
