

College & Career Accelerator, Dual Credit Options

Get an **Associate Degree**, a **College Certificate** or an **Industry Recognized Credential** - all while still in high school.

Program Highlights

- We bridge K-12 and post-secondary pathways
- Build skills for college and career readiness
- Earn free college credits through the CCA
- Access to and readiness for what's next

What We Offer

- **Manufacturing Engineering** – Build the future! Explore CAD, or earn a degree in Tech or Manufacturing Engineering
- **Healthcare** – Make a difference! Get started with a Medical Assisting Certificate
- **Education** – Inspire the next generation! Earn credentials to become a teacher
- **Public Safety** – Serve your community! Begin with a Homeland Security Certificate

College-level courses taught by certified high school teachers or college professors, with support from qualified classroom instructors.
