Thomaston High School
185 Branch Road Thomaston, CT 860-283-9090

February 10, 2026

Dear, Students and Parents,

We are thrilled to announce an exciting new partnership between Thomaston High School and Post University. Post University, a private university with its main campus located in Waterbury, Connecticut, is known for its student-focused approach and strong academic programs. Post University offers a vibrant campus experience combined with innovative online learning options, making it a leader in flexible, career-oriented education.

This new partnership brings many benefits for our Thomaston families. The most significant benefit is the tuition reduction for Thomaston students who choose to continue their education at Post University's Main Campus after graduation. This exclusive rate makes earning a high-quality college degree more affordable than ever:

- Post's 2026–2027 Undergraduate Tuition: \$35,736
- Thomaston Partnership Rate: \$12,000

In addition to these savings, the partnership provides several other benefits designed to help students and families succeed:

- Family members that live in the same household receive a 20% tuition reduction on Post's online degree programs.
- High school students can take college-level courses while they finish high school with Post's High School Academy Program, either online or on campus, earning valuable experience and university credits (this is not required for the reduced tuition rate).
- This offers a streamlined transition from high school to university life, with credits already earned.

We are proud to partner with Post University to empower students to take charge of their education, work toward their potential, and reduce the cost and time it takes to earn a college degree.

If you would like to learn more about the program, course offerings, application process, or the specialized tuition rate for Thomaston students, please contact Holly Leone at hleone@post.edu or (203) 591-7494. You may also contact THS counselors, Ms. Riollano or Mr. Malo for more information. We look forward to this being another great opportunity that our district offers to you and your child as you plan for the future!

Sincerely,
Mrs. Kingsbury
Principal, Thomaston High School
