COMFORT LEVELS

EXTRA FIRM

With very little to no give, this firmest mattress choice is for sleepers who crave a hard feel.

The solid foundation is ideal for back sleepers who need consistent support.

FIRM

A firm mattress has a harder feel, which is often compared to sleeping on a bed of grass.

This solid foundation is key for those who need maximum support and don't want any sensation of sinking into the bed.

MEDIUM

A medium feel mattress offers the perfect balance of support and comfort for a wide range of sleeping styles.

Great for combination sleepers and those who want support with a little extra contouring comfort.

PLUSH

Enveloping your body in a soft-to-the-touch surface, a plush mattress is popular with sleepers who need less firm support.

A smart cushion pattern provides extra support.

ULTRA PLUSH

The ultra plush has the softest feel at the surface and often features additional pillow-top padding.

It's the perfect choice for those who want to be surrounded in the plushness.
