## **ABOUT SRF**

Headquartered in Montgomery, AL, SRF, since 1984, has been a distributor of a broad range of industrial products including fasteners, fittings, industrial hoses, adhesives and a variety of specialty components. Our customers are comprised of a cross-section of US based companies ranging from multi-national manufacturers to local machine shops.

In addition to the distribution of industrial products, SRF provides a variety of services including Vendor Managed Inventory (VMI) programs, product assembly, and kitting. Our top priority is taking care of our customers which is why we provide solutions that will meet our customers most demanding goals and expectations.

The relationship between a company and its suppliers continues to be one of the most important and complex facets in any business. Customer satisfaction and our ongoing commitment to continual improvement is why SRF continues to be a leader in the distribution industry.

*For fast, dependable service and quality products contact the Store Room Fasteners location in your area.*
