

SHB 1795
ADDRESSING RESTRAINT
& ISOLATION

LET'S DO THIS

Take the next step

SHB 1795:

- Bans certain dangerous restraint and clarifies limits;
- Strengthens existing protections;
- Stops new isolation rooms from being built;
- Allows calming spaces that support co-regulation

The cost of restraint & isolation

For students: Injuries; lost learning; derailed skill development; complex PTSD; suicidality.

For educators: Injuries; dissatisfaction with the job; compromised mental health; compromised teaching, stressful work environment.

For school districts: High costs associated with increased liability, insurance rates, and workers compensation; high staff turnover; widening opportunity gaps.
