WELCOME TO TEDxSTCLOUD 2026!

Tonight, we celebrate a decade of TEDxStCloud and the tenacity it takes to bring an idea to life.

Since our first event, TEDxStCloud has been built around a simple belief: Ideas Change Everything. An idea can challenge an assumption, open a conversation, change a mind, or send us in a direction we never expected.

That spirit inspired this year's theme: TEnacious.

Ideas worth spreading rarely arrive fully formed. They require persistence, imagination, a willingness to challenge what we think we know, and the courage to step onto the red dot and share them.

Tonight, Nora, Sucharita, Njeri, Jill, John, and Esera do exactly that. Each has spent months preparing, with the support of volunteer speaker coaches and the TEDxStCloud team. We are grateful for the thought, courage, and trust they have brought to the process. Now, finally, their talks belong to you.

Our performers bring another kind of creativity and energy to the stage. Jason Schommer joins us with comedy, while The D2 Acoustic Duo, Paul and Joey Diethelm, bring music to the evening.

Tonight, TEDxStCloud turns ten. That milestone belongs to everyone who has helped make this possible. Speakers and performers have shared their ideas and artistry. Volunteers have given countless hours behind the scenes. Local businesses and organizations have stood with us as partners. And audiences have brought attention, encouragement, questions, laughter, applause, and conversation.

To everyone who has been part of this journey: thank you. TEDxStCloud exists because you showed up, contributed, listened, supported, and came back.

TEDx events are independently organized under license from TED, bringing people together to share ideas and spark conversation. We have been fortunate to do that here for a decade. TEDxStCloud is produced entirely by volunteers, with generous support from local businesses and organizations that help make this gathering possible.

Tonight, listen with an open mind. Be willing to be surprised. Notice the idea that makes you lean forward, or the one you find yourself thinking about tomorrow.

What might you reconsider? What conversation might you continue? What idea might you become tenacious about?

Stay curious. Stay open. Stay TEnacious.
