DAY 4 - Gates of Heaven & East Bali Discovery

Visit one of the most respected temples in Bali, which is Penataran Agung Lempuyang Temple. Located on the slopes of Mount Lempuyang in East Bali, the Lempuyang Temples complex according to Balinese belief, is an important point of the island and is meant to provide spiritual balance for the island – besides being one of six holiest places of worship in Bali.

Standing high at 600meters above sea level, admire the solemn atmosphere in this temple, with an amazing view down the valley and sky to heaven. Capture your moment standing at the temple gate where there is only emptiness before you – as if it's the Gate of Heaven. Only blue sky, and Mount Agung in the distance with thin clouds that shades the mountains.

Next visit is **Tirtagangga water garden**, a maze of pools and fountains surrounded by a lush garden, stone carvings and statues. The one hectare complex was built in 1946 by the late King of Karangsem but was destroyed almost entirely by the eruption of nearby Mount Agung in 1963. It has been lovingly re-built and restored and has an air of authentic royal magnificence.
