IN THE USA

Residential & Commercial Outdoor Furniture

## Premium outdoor furniture, world class customer service.

For over 20 years, Sequoia's proprietary poly lumber has been hailed as one of the most beautiful wood replacement materials on the market. We're proud to say that since the beginning, our products have always been 100% made in the USA, crafted with various types of eco-friendly recycled plastics. Every step of the way we have ensured that we not only make great looking furniture, but we do it with re-used plastics as a primary input in our mission.

Where natural wood often deteriorates and weakens, our material surpasses it as our engineered synthetic lumber resists weather and water damage in any climate. Snow, ice, rain, and heat will not cause it to crack or break, allowing it to last for years.

Sequoia products feature multiple color options, so there's no need to paint or stain the furniture. By utilizing 304 grade stainless steel hardware that is hidden by design, each product will maintain its beautiful and comfortable style season after season.

Each product is constructed to provide maximum comfort, and unsurpassed outdoor durability. To ensure this, we give all of our products a 7\* year commercial warranty and 15 year residential warranty. Please refer to our website [www.seqoutdoor.com](http://www.seqoutdoor.com) for additional warranty information.

No matter where our furniture is used, it is our passion to exceed expectations by producing innovative products and delivering exceptional service.

We are always open to discuss custom opportunities with you.

# THE SUNRISE COAST COLLECTION
