## Commercial Policy: OUR PACKAGES

### Factory Price Packages: A Turnkey Solution for Your Business

Factory Price has designed packages that include all the costs related to your business in a single turnkey solution. From product storage to shipping and even return management, everything is handled for you, so you can focus on selling.

#### Your package includes:

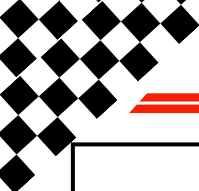

- ✓ A secure storage space  
Benefit from a dedicated storage area designed to ensure optimal preservation of your items. This space is secure and organized to enable smooth inventory management and fast, efficient shipping of your orders.
- ✓ All consumables needed for order preparation  
To ensure neat and professional packaging, we provide all essential consumables:  
Printer and cartridges for printing order slips and shipping labels.  
Paper, envelopes, and shipping boxes.  
Tape and boxes of various sizes to ensure optimal protection during transport.  
Bubble wrap and cushioning materials to protect fragile items and reduce breakage risks.
- ✓ Labor for order and return management  
A professional handler takes care of all operations related to your orders, including:  
Carefully packing items according to market quality standards.  
Dropping off parcels at a relay point or with the selected carrier, ensuring fast delivery.  
Managing customer returns, including checking returned items, restocking them, and updating your inventory (option available as needed).
- ✓ Access to the digital infrastructure  
Take advantage of a powerful app that connects you to the European and North American market, designed to optimize the management of your business. This solution gives you access to a complete digital ecosystem to make your sales. Access to the app is mandatory to operate on marketplaces. The packages include this subscription.
- ✓ Sourcing, import, and international logistics services  
Access a network of qualified suppliers and receive expert support to:  
Select high-quality products that meet market standards.  
Obtain competitive pricing through optimized purchasing volumes and strategic negotiations.  
Efficiently manage the import of your products in full compliance with customs regulations.  
Ensure effective international logistics with shorter delivery times and smooth goods flow management.

**We also offer, in collaboration with our specialized partners, virtual number services compatible with Vinted, as well as banking solutions allowing you to obtain an unlimited number of virtual IBANs (depending on the chosen offer).**

To go even further, we offer turnkey services: creation of your stores, product uploads, and regular management of your online storefronts (depending on the offer).

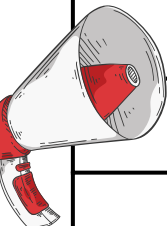

We've designed and integrated all essential solutions to effectively support our partners in their growth. Choose the offer that fits you and join the journey today!

At Factory Price, your success is our priority! Outside of your package, you have nothing else to pay: you can generate as much revenue as you want, with no limits or additional fees. We offer you complete freedom to grow your business with peace of mind.

## VIRTUAL NUMBERS

Thanks to our exclusive partnership with the leader in virtual numbers, we have secured a strategic agreement that allows us to offer our partners privileged access to high-quality virtual numbers, specially optimized for creating and verifying Vinted accounts.

### Concretely, this means for you:

- ✓ Fast and smooth account validation, without unnecessary blocks
- ✓ Ultra-competitive rates, enabling you to create as many accounts as needed without blowing your budget
- ✓ Maximum reliability, with numbers recognized and accepted by Vinted, tested and approved by our team

This partnership enables us to provide solutions that few players on the market can match, combining performance, simplicity, and cost-effectiveness.

By choosing Factory Price, you benefit not only from our expertise but also from access to professional tools to grow your Vinted activities faster and more confidently.

Join us and take advantage of this exclusivity — get virtual numbers for less than \$1 to activate your Vinted stores !

## RECEIPTS

At Factory Price, we strive to offer our partners concrete, professional, and ready-to-use solutions. That's why we provide you with a large selection of invoice templates tailored to the products you sell.

- ◆ These templates are available in two formats:
  - Word format, easy to modify for quick customization (logo, seller information, products, prices, etc.)
  - Receipt format, for a realistic and professional presentation, perfect to include with your packages or to meet certain platform requirements

To fully utilize our receipt-format templates, you just need a dedicated thermal printer. We will recommend the most suitable, reliable, and cost-effective model to ensure optimal printing quality.

### This solution allows you to:

- ✓ Comply with the requirements of sales platforms
- ✓ Enhance the credibility and professionalism of your stores
- ✓ Quickly and efficiently customize each invoice to your product catalog

With Factory Price, you save time, structure your business, and equip yourself like a pro.

**Available for businesses & individuals.**

## VIRTUAL IBANS

Thanks to our exclusive partnerships with specialists in virtual banking solutions, we are proud to offer our partners access to virtual IBANs, depending on the chosen plan:

- ◆ Up to 20 IBANs available
- ◆ Or unlimited access for more advanced needs

These virtual IBANs are fully functional and allow you to receive, manage, and process payments quickly, smoothly, and securely, especially on platforms like Vinted.

No more banking blocks, complications in receiving your funds, or tedious management of transfers:

- ✓ Create your Vinted accounts with confidence
- ✓ Receive your sales payments directly on the assigned IBANs
- ✓ Manage multiple stores with total flexibility

This solution solves a major issue faced by many sellers: traditional banking restrictions or limitations. With our offers, you are operational within minutes, while remaining compliant, secure, and professional.

Factory Price provides you with the tools used by top sellers to automate, grow, and structure their business.

Manage your activity without limits.

## AN ACCOUNT WITH UNLIMITED IBANS

So that you can fully develop your business without being held back by these issues that, until now, have slowed your progress.

ACCESS TO THIS SERVICE IS COMPLETELY FREE FOR OUR PARTNERS AND  
REQUIRES NO PRIOR ADMINISTRATIVE FORMALITIES.

**Available for businesses & individuals.**

## The Excellence of Sourcing and Importing: An Unmatched Growth Lever

In an ultra-competitive world, the quality and variety of products you offer your customers make all the difference. Limiting yourself to local market offers often means dealing with questionable quality products, limited stock, and uncompetitive prices. This is a major obstacle to your growth and profitability.

At Factory Price, we break these limitations by offering you a turnkey sourcing and import service. Unlike traditional models, we give you direct access to the best factories and international suppliers, allowing you to benefit from high-quality products at ultra-competitive prices, while freeing you from logistical and customs constraints.

### Why our sourcing and import services make the difference?

✓ Direct access to the world's best factories

No more settling for local stocks and generic products. We select the best suppliers for you, ensuring exclusive products that comply with European standards and market trends.

✓ Unmatched quality and diversity

Thanks to our expertise, you have access to an extensive range of products far beyond what your local market offers. No more limitations — you adapt your offer to the real needs of your customers.

✓ Optimized costs to maximize your profitability

By purchasing directly from manufacturers, you avoid intermediary margins and access better prices, allowing you to increase your margins and be more competitive.

✓ Complete handling of logistics and customs formalities

Importing can be a real headache with its complex regulations and hidden costs. We manage the entire process for you: transport, customs clearance, storage, and final delivery. You receive your goods effortlessly, ready to be sold.

✓ Time and efficiency gains

Instead of wasting time searching for suppliers, negotiating prices, or handling administrative procedures, you can focus on growing your business while we take care of the rest.

### Limiting yourself to the local market: A brake on your expansion

#### Sourcing only locally means:

- ✗ A limited and undifferentiated offer
- ✗ Often higher prices and reduced profitability
- ✗ Sometimes inferior quality, harming customer satisfaction and loyalty
- ✗ Difficulty evolving and responding to market trends

By choosing Factory Price, you choose an ambitious vision focused on growth. Our service opens the doors to limitless sourcing, allowing you to offer superior quality products, maximize your profits, and stay ahead of the competition.

Don't let your local market restrict your potential any longer. Benefit from our expertise and give a whole new dimension to your business today!

## Terms and Conditions of the Partnership

Factory Price is committed to ensuring a transparent and structured collaboration with its partners. Any membership request implies a contractual commitment, and any termination must follow a defined procedure, in accordance with the terms of the contract.

### Initial Commitment and Renewal

- Any subscription to one of Factory Price's offers implies an initial commitment of 12 months, with automatic renewal unless a special notice is provided by you within the deadlines below.
- The contract anniversary date is set for January 1st, regardless of the actual date of joining the network.
- The contract may be terminated without fees on the anniversary date (January 1st), provided that a 2-month notice is sent to Factory Price before this date.

### Withdrawal Period and Termination Conditions

- Early termination: Any termination of the contract outside these conditions will result in termination fees equivalent to 2 months of subscription.
- Withdrawal period: The partner has a 14-day period to submit a termination request.

### Repatriation of Goods

In the event of termination, the partner assumes all costs related to the return of their goods:

- Transport fees to their country of origin or any other storage location of their choice.
- Package preparation fees by Factory Price.
- Courier fees, if requested.

### Preparation and Repatriation Fees

Package preparation:

- A \$49.99 fee covering stock withdrawal, boxing, and shipment preparation.

Drop-off by Factory Price: Delivery of the package within a 10 km radius around the warehouse or at a pickup point, with a \$49.99 fee.

**The deadline to submit a termination request is set for the last day of October, in order to fall within the two months preceding the anniversary date of January 1st, 2026.**

**It can be made by email to the address: [FACTORYPRICE@FACTORYPRICE.UK](mailto:FACTORYPRICE@FACTORYPRICE.UK).**

## Partner Commitment

By joining the V&F by Factory Price network as an independent contractor, the partner acknowledges and agrees to:

- Fully assume responsibility for the development, management, and growth of their business, demonstrating commitment, autonomy, and discipline to ensure its success.
- Acknowledge the financial risks inherent in any commercial activity and accept that Factory Price only covers what is stipulated in the contract, within the limits of the subscribed guarantees.
- Have read, understood, and accepted all policies established by Factory Price, and agree to comply with them scrupulously.
- Act in the mutual interest of the network and Factory Price by maintaining a relationship based on trust, transparency, and mutual commitment. Each partner agrees to uphold the values of the network, adopt a professional attitude, and actively contribute to collective growth. This includes communicating honestly, respecting the established rules, and working in synergy with Factory Price and other network members in a respectful manner to ensure harmonious and sustainable development.

## Declaration of Integrity

## **General Provisions**

By submitting your application, you acknowledge that you have read all the general provisions and fully agree to Factory Price's commercial policy. You also confirm that you have been informed of the services offered, their terms of use, and their limitations.

You acknowledge that you are fully aware that this process involves an entrepreneurial and commercial activity, with the opportunities, benefits, and risks it may entail. You agree to assume full responsibility for it and to take the necessary measures to ensure the management and development of your business in compliance with the established commitments.

Factory Price operates internationally; it is the sole responsibility of the partner to ensure compliance with the legal obligations of their country. Factory Price cannot be held liable in case of non-compliance with local regulations. Therefore, it is up to the partner to obtain information and carry out the necessary procedures to conduct their activity in full compliance with the laws in force in their jurisdiction.

To facilitate the integration of its partners under the best conditions, Factory Price relies on a network of local businesses, coworking spaces, and collaborative platforms. These structures can serve as useful points of contact for the development of partners' activities and encourage exchanges with other network members in their geographical area.

However, these entities are neither representatives of Factory Price nor partner companies. They are simply spaces potentially used by network members, serving as meeting and contact points. Factory Price does not guarantee the quality of services offered by these structures nor their suitability for the specific needs of partners. It is therefore the responsibility of each member to evaluate these options and freely choose the solutions best suited to their activity.

# General Provisions

The company, operating internationally and headquartered in London, complies with applicable international law. It establishes its terms and policies inclusively, aiming to ensure the best collaboration conditions and optimal protection of the respective rights of all parties—partners as well as the company. In this respect, the company strives to provide a clear, fair, and secure framework for all involved. However, it cannot be held responsible for any lack of information, as this contract includes and details all essential elements related to services, obligations, and applicable terms. It is the responsibility of each partner to carefully review the stipulated provisions.

The partner agrees to return the duly completed and signed contract within 7 days following the activation of their services. This document must be sent electronically to the following address: [factoryprice@factoryprice.uk](mailto:factoryprice@factoryprice.uk). Failure to meet this deadline may result in a temporary suspension of services until the signed contract is received.

The payment of the registration fees as well as the mentioned package constitutes full and unconditional acceptance of the terms of the contract below. By making the payment, the partner acknowledges having read the general conditions and agrees to comply with them. This payment constitutes a binding contractual agreement between the parties, without the need for a physical signature of the said contract.

Any termination request entitles a refund only if the company has failed to meet one of its contractual obligations. Furthermore, within the framework of the partnership, it is mandatory that the partner has benefited from at least one complete service, including storage, preparation, and shipment of at least one package by the company, for the request to be valid. Any other situation will not be eligible for a refund.

Any usage time exceeding 2 hours is considered an implicit acceptance of the quality of the service provided. Consequently, no refund requests will be accepted beyond this period. We assume that a dissatisfied user would have contacted us within this timeframe to report an issue; therefore, the absence of a complaint during the first 2 hours of use constitutes validation of the service.

The partner acknowledges that payment of their fee made after the 25th of the month may result in a longer delay for the reactivation of their services. Indeed, reactivations occurring after this date are subject to additional verifications, notably due to end-of-month accounting processes. This procedure may extend the reactivation time up to 48 hours. Therefore, the partner is encouraged to make their payment in advance to avoid any prolonged service interruption.

# Integration Procedure

Integration into the V&F by Factory Price network is not based solely on the candidate's financial capacity or professional experience. What matters above all is their ability to collaborate effectively, work autonomously while respecting the network's principles. Professionalism, respect for commitments and other members, as well as a constructive attitude, are essential elements to ensure a healthy and productive dynamic within the network. Factory Price thus favors partners who are capable of adapting, respecting shared values, and seriously investing in the development of their activity.

## Integration Process for the V&F Program

Submission of Application (provide the complete file within 7 days)

Fill out the membership form and sign the general & specific terms. Send the documents to the following address: [factory.price@factoryprice.uk](mailto:factory.price@factoryprice.uk).

## Evaluation of the application file

- Your application will be reviewed by our team. If your
  - file is rejected, the process ends here. If approved,
  - you will proceed to the next steps.
- 
- Validation of the application: integration process launch and access to services.
  - Waiting list: if no spots are available, your integration will take place soon.

Final decision: One of our sales representatives will contact you for an explanatory interview.

Factory Price ensures that each application is handled with diligence and fairness to guarantee the successful integration of partners into its network.

The definitive integration of partners into the V&F by Factory Price network is carried out progressively and is only finalized after a three-month period. This phase allows Factory Price to assess whether the partner aligns with the network's values and meets the program's requirements, particularly regarding collaboration, professionalism, and commitment. During this period, the partner benefits from support and monitoring to ensure successful integration. At the end of the three months, an evaluation is conducted to confirm final membership or, if necessary, to reconsider the continuation of the partnership.

# FACTORY PRICE TUTORIAL

This tutorial is intended for our outside Europe and NA partners.

It provides you with the keys to sell your products in Europe/NA: legal framework, practical tools, and effective strategies to ensure your commercial expansion success.

## Step 1: Set Up Your Mobile Environment

- Get an Android smartphone.
- (A recent version is recommended — Android 7 or higher)
- Download a VPN from the Play Store.
- (Free examples: ProtonVPN, Windscribe, Hola VPN...)
- Open the VPN and connect to a server located in France.
- With the VPN active, create a new Gmail account (as if you're located in France).
- (This Gmail will allow you to access the digital bridge of “Applications” necessary for the activity.)

## Step 2: Get the Tools

Download the "Multi App" application.

Download the "Vinted" application.

## Step 3: Create and Clone Your Vinted Shops

Disable and uninstall the VPN.

(You won't need it for the rest of the process.)

Open the Multi App application.

Tap the “+” button at the bottom of the screen.

Add the Vinted app to Multi App.

(Repeat this step for each store you want to create.)

Launch Vinted from within Multi App (this is a cloned version).

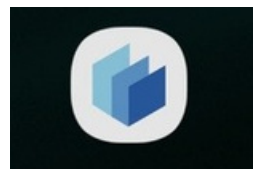

Create a new Vinted account using a Gmail address.

(You can create as many Gmail accounts as needed via the Play Store or a browser.)

During registration, a French phone number is required.

→ A Factory Price representative will contact you to help you open your test shop with the appropriate contact details.

## MULTI APP

## Congratulations, your shop is ready!

THIS SHOP SERVES AS A TEST SHOWCASE, ALLOWING OUR PARTNERS TO OBSERVE THE TYPES OF PRODUCTS SOLD AND THE PRICES APPLIED ACROSS EUROPE THROUGH THE VINTED APP. IT PROVIDES A CONCRETE OVERVIEW OF THE GROWTH POTENTIAL AVAILABLE IN THIS MARKET. UPON JOINING, WE PROVIDE ALL THE NECESSARY TOOLS FOR YOU TO CREATE AND MANAGE YOUR OWN SHOPS, INCLUDING THE FRENCH PHONE NUMBERS REQUIRED TO VALIDATE ACCOUNTS, AS WELL AS STORAGE AND ORDER PREPARATION SERVICES.
