

# Accounting and Executive Recruiting

## **Recruiting for Accounting**

Our Ace Professional team is comprised of highly specialized recruiters with an average of 20 years of recruiting industry experience, the majority of which have worked in Finance and Accounting roles, drawing on their extensive experience and close working relationships with the financial community, they are able to discern our clients' needs and required qualifications to deliver superior candidates.

## **Executive Recruiting**

Regardless of industry or size of company, it is critical to have passionate & innovative Executive Leadership that impact company culture and growth. Whether a company is public, private, private equity or venture capital backed, their success is driven from the top and having the right people in leadership roles can make or break a company.

Our Ace Professional team understands the unique challenges and complexities of recruiting and delivering sought-after executive leadership that can drive growth and lead a company to success. The history of the organization, stage of the company lifecycle, cultural factors, ownership structure, size, scope and complexity of the business will all impact who you can attract and who will be successful in these critical roles. For that reason, we invest significant time initially to understand the unique challenges and opportunities in your specific business as well as in your industry sector and the broader economy.

We partner closely with our clients to design a winning search strategy and we are relentless in our pursuit of the ideal candidate. As a firm, we take great pride in securing industry leading talent for our clients and being a part of our client's success through the executives we help them attract.
