Civil Engineer / Engineer-in-Training (EIT)

AVI Professional Corporation | Cheyenne, Wyoming

Starting Salary: $60,000–$70,000 | Full Health, Dental & Vision Insurance

Build Your Career. Make an Impact. Find Your Team.

At AVI Professional Corporation, we believe a great career is about more than the work you do. It's about the people you work alongside, the opportunities to grow, and the impact you make.

For over 45 years, AVI has delivered engineering, planning, and surveying solutions throughout the Rocky Mountain region. We're proud of our projects, but even more proud of the people behind them.

We're looking for a motivated **Civil Engineer / Engineer-in-Training (EIT)** who's excited to learn, contribute, and grow with our team.

Why AVI?

- **A Culture You'll Love Being Part Of:** Join a close-knit, collaborative office where people genuinely enjoy working together. From company picnics and holiday celebrations to half-day Fridays, we believe in creating a workplace that values strong relationships, work-life balance, and having fun along the way.
- **Competitive Pay & Benefits:** Starting salary of $60,000–$70,000, plus health, dental, and vision insurance, paid time off, seven paid holidays, paid overtime, 401(k) contributions, and merit-based bonuses.
- **Mentorship & Career Growth:** Work alongside experienced engineers who are invested in helping you develop your skills, gain hands-on experience, and work toward professional licensure.
- **Meaningful Projects & Stability:** Contribute to diverse public and private projects while building your career with an established firm that's been serving the Rocky Mountain region for over 45 years.

What We're Looking For

- Bachelor's degree in Civil Engineering or a related field.
- EIT certification or ability to obtain within six months.
- 0–4 years of relevant experience.
- Strong communication, organization, and problem-solving skills.
- A collaborative attitude and eagerness to learn.

Bonus Points for Experience With:

- AutoCAD Civil 3D and site design.
- Engineering plans, specifications, and technical documents.
- GIS, EPA SWMM, Revit, or similar software.

Let's Build Something Great Together.

Whether you're a recent graduate or an early-career engineer ready for your next opportunity, AVI offers the mentorship, meaningful projects, and supportive team to help you thrive.

Come grow with us. Apply today!
