

Interporto Gela APS

To the c.a. by Dr. Musolino
President of Mediterranean Ports

Bari, 27 October 2023

I learned of his prestigious position and I am pleased. I am particularly interested in the topic since the President of **Interporto Gela APS** has considerable experience in the maritime branch, being himself a Shipping Agent, Maritime Broker, Damage Commissioner and Waste Mediator registered in the respective Professional Lists since 1982 (Dr. **Marco Fasulo** Tel & WhatsApp +39 3533997845 fasulo.marco@progettointerporto.it operating in various ports in Italy directly and indirectly and with correspondents all over the world.

For me it would be a great satisfaction to be able to make a contribution to the development of our beloved country and it would be really important to be able to schedule a meeting between you and the following Delegation:

- Avv. **Fabrizio Corsini** (very well-known lawyer based in Modena, President of the Casa Natale Enzo **Ferrari** Foundation, sponsor of our **Interporto project**);
- Dr. **Marco Fasulo** President Asso **Interporto Gela Aps**

Eng. Dr. **Barbara Valenzano** High official of the Puglia Region and Director of the **Interporto Gela Aps** with delegation for the Regions (Puglia-Campania-Basilicata-Calabria-Sardinia);

- Dr. **Attilio Raise** Vice President **Interporto Gela Aps** with responsibility for raising national and international public and private economic funds and proponent of the financing of our Interporto del Mediterraneo Enrico Mattei project;

- Dr. **Liborio Pirrello** Treasurer and Vice President of **Interporto Gela APS** with Delegation for the Sicily Region.

In order to define a common path for the development of the entire Mediterranean area and for the never resolved drama of the malformed children of Gela, Taranto and Naples (SIN areas). For which we could use Community funds, public and private funds as already proposed to our friend Minister **Fitto** committed to the economic and social relaunch of the Southern Regions.

My cultural base has had as examples and teachings the great master statesmen and Southerners such as the Hon. **Aldo Moro** and the Hon. **Renato Dell'Andrò**.

Thanks to whom I was able to develop my political vision according to which the south is called upon to have a great responsibility: to return to being a protagonist and to decide to pour out all possible energies for the good of our beautiful country, ITALY.

The above to reverse the process where the North will no longer be the driving force of our country, but will be the deep South: for the sun; its biodiversity; its location in the center of the Mediterranean and for the great historical event supported by our **Pastor and Pope "Francesco"** (Vati for his social commitment for his love for nature and his Cristina idea of environmental sustainability).

In this way, the North will no longer be responsible for the country's problems, but the South will be responsible for the problems of our **ITALY "BEAUTIFUL COUNTRY"**

The current historical moment sees as protagonists the enlightened **President of the Italian Republic**, our beloved "Hon. **Sergio Mattarella**", the President of the Sicily Region Hon. **Renato Schifani** former President of the Senate, Prof. Dr. **Michele**

Emiliano President of the Puglia Region and General **Vito Bardi** President of the Basilicata Region who, in my opinion, are certainly the best Presidents of all the Regions of Italy who, united, can change the south and the fate of the entire Mediterranean basin.

The general development project for the entire **MEDITERRANEAN** area has already been registered by us as "**Enrico Mattei Mediterranean Interport**".

I already have an excellent collaborative relationship with the Mayor of Bari Dr. **Antonio De Caro** as well as President of the Metropolitan area of Bari and National President of the Anci Comuni d'Italia.

He is considered one of the best Mayors in Italy, also defined as the Mayor with a human face with his great sensitivity and humanity, animated by a great sense of duty and respectful of friendships.

The last considerations of my enlightened Master "The Honorable **Aldo Moro**" were the following reflections:

1°) We will live in sad and dark times and each of us will not be given the right to lose

2°) True Democracy requires that in moments of difficulty, as my great Master **Aldo Moro** said to us young Christian Democrats:

Better to be wrong together and not be right alone

While waiting for your most welcome response, I send you my best and cordial greetings
