

## ENVIRONMENTAL POLICY STATEMENT

Keepsafe Security Services Limited is committed, at all levels and in all functions of the organisation, to using the best practicable means to minimize the effect the undertaking has on the environment. We aim for continual improvement and recognize that this must be achieved through regular monitoring of our environmental performance against stated objectives in our management systems. To this effect, it is our policy to plan, implement and monitor our activities to ensure compliance with the following:

- 1 Any risk of pollution to land or water courses arising from our activities, products and /or services will be identified, and appropriate means of elimination or control taken to meet or exceed the requirements of environmental legislation.
- 2 Air emissions, malodours, noise, from process or traffic, and other aspects of the Company's operations that may impact upon the local community, will be controlled to the lowest level.
- 3 Vehicles will be operated and maintained to operate at maximum efficiency and to minimise the environmental impact.
- 4 Preference will be given to energy, materials and other resources having the least adverse impact on the environment, and unnecessary or excessive use avoided
- 5 Existing wildlife habitats will be respected, and any new development will be subject to an environmental assessment.
- 6 Waste products will be minimised and recycled where reasonably practicable. Where it is not, they will be disposed of in accordance with the statutory requirements, via licensed contractors or through other responsible and recorded means.
- 7 We will seek assurance from third parties that their products and/or services can be used, handled, stored and disposed of in a manner which safeguards the environment and the health and safety of all those who may be affected.
- 8 All employees and persons working on our behalf, including contractors and sub-contractors, will be made aware of their responsibilities and agree to comply with our company policy and standards.
- 9 Concerns and complaints from individuals within or outside the Company, including members of the public, will be dealt with promptly and with transparency.
- 10 Our Environmental Policy will be reviewed at least annually, and in the light of any new knowledge, change of legislation or concerns raised by employees, customers or members of the public.
