

Community Assembly of the British Isles

Restoration not rebellion

When the system forgot the people, the people remembered who they are.

We are not about protest – we are building a parallel creation.

Who are we?

CA British Isles is a Private Members' Association (PMA) uniting Members to create a parallel spiritual community connected by a network of facilitated Community Assemblies across the British Isles and around the world.

What do we live by?

- Natural Law
- Mutual Consent
- Self-Governance

What do we refuse?

- Corporate Rule
- Centralised Control
- Medical Tyranny

Why now?

- Government ignores us and fails to protect us
- Corporations erode our rights and our privacy in the name of 'safety'
- Crushing taxes on fuel, utilities, earnings, savings, council tax, businesses – while billions flow to corporations causing harm

What is our vision?

CA British Isles is a framework based on fairness and trust, drawn on a map of voices and heart-felt choices so that together we are:

- building connected local communities
- claiming our freedom and individuality
- restoring fairness and wellness for all

We have not lost faith – we have rediscovered it.

You are not alone. You are not powerless. You are needed.

Join us to claim your freedom and restore a way of life that honours humanity, Nature and future generations.
