Ninth, tenth, eleventh, and first-semester twelfth grade students may exempt one exam. Twelfth grade may exempt all exams in the 2nd semester. A student may not exempt the same exam both semesters, except in the case of a second-semester senior. Students enrolled in AP classes, and taking the AP exam, are eligible for an additional exemption for each AP class in the spring but must take those exams in the fall. *Please note that the attendance component has been added back into the exemption qualifications.* In order to qualify for an exemption, the student must have the following:

- “A” average with no more than 3 *absences* in the class for the semester
- “B” average with no more than 2 *absences* in the class for the semester.
- There must be no grade less than a “C” on any nine weeks to qualify for an exemption in a class.
- A semester average of a “C” may not exempt.

Semester exams will be counted as follows:

Sixth grade – exams count as the last grade of the term

Seventh grade – 10% of the semester average

Eighth grade – 15% of the semester average

Ninth and Tenth grade – 20% of the semester average

Eleventh and Twelfth – 25% of the semester average
