Dear Friends,

My parents, Howard and Laurie, and my sister, Carolynne and I started the Stop! Children's Cancer Fund. We started this fund 2½ years ago. This fund is to help other children be cured of cancer.

Our family has put alot of time and energy into this fund. I want everyone to appreciate all the hard work our family and others have done. I feel that since the money from this fund is for all the kids in the world, everyone should help! We need your help to raise over \$1,000,000.

Money is not the only way you can help. We need people to make things to sell, work on paper stuff and spread the word of the fund to others.

I don't want other kids and their families to go through all the same things which we had to.

Love,  
Bonnie Freeman
