

# Stop Children's Cancer

*Dedicated to the Prevention, Control & Cure of Childhood Cancers*

## Upcoming Events

*Mark your calendar now!*

2<sup>nd</sup> Annual Bonnie's  
Birthday Bash on Facebook  
**October 1 - 31, 2020**

27<sup>th</sup> Annual Charity Golf Classic  
**October 16, 2020**

22<sup>nd</sup> 93.7 K Country Bear-a-Thon  
**February 17, 2021**

33<sup>rd</sup> Annual Fantasy Event  
Celebrating 40 Years  
**May 22, 2021**

26<sup>th</sup> Bob Dooley Golf Tournament  
**(TBD)**

8<sup>th</sup> Annual Kickin' It Martial Arts  
Tournament & Expo  
**(TBD)**

Doctor(s) Updates via Zoom  
**(RSVP to Office for Information)**

Bert Hughes

Jay Hutto

Gary Langford

Mac McCarty, Jr.

Carolyn McCormick

Storm Roberts

Mary Anne Westphal

Peter White

## Your Dollars at Work

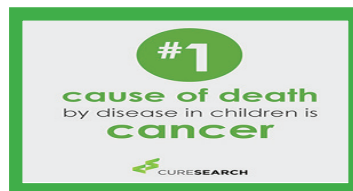

**B**ecause of your generosity & with the vision of our Medical Advisory Board, Stop Children's Cancer (*Stop*) has been supporting cutting-edge Pediatric Cancer Clinical Trials at UF Health Shands Children's Hospital since 2010, when we pledged \$1,050,000 over 7 years. This successful endeavor encouraged the *Stop* Board of Directors to make a 2<sup>nd</sup> pledge even before completing the 1<sup>st</sup> commitment. In 2017, another \$1,000,000 over 5 years began. This funding was to continue the Clinical Trials (\$750,000) & begin much needed research in osteosarcoma (\$250,000). By supporting *Stop*, you can be very proud of making a difference in a child's life!! These Clinical Trials have increased the potential for:

1. Each child to receive the best treatments available & with better outcomes.

(See [History](#))

2. More Clinical Trials taking place. In 2008, only 2 Trials could be supported, because of *Stop*, the UF Pediatrics Division currently has 62 Clinical Trials open!

(See [What's Happening](#))

## What's Happening in Research?

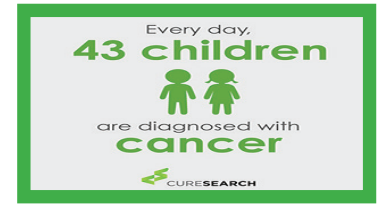

**S**top continues supporting amazing research at UF Health Shands Children's Hospital. Currently, 62 Clinical Trials are open, consisting of: 42 for treatments & 20 are scientific. Each Trial advances *Stop's* mission of prevention, control and cure of childhood cancers.

Collaborating with Sister Hazel, the *Lyrics for Life Foundation/Stop Children's Cancer Jeffrey A. Block Research Award* was created, in memory of Jeffrey, who was the little brother of Ken Block. This Award goes to the Pediatric research team working on personalized targeted immunotherapy for T-cell lymphoma & leukemia.

The *Stop Children's Cancer/Kimberly H. Flaitz Research Grant* was established for developing much needed research in Bone Tumors. Currently, this Grant funds a team working on a tumor vaccine for Osteosarcoma.

Because of your support, children are going into remission with longer lasting success rates!

(See page 3 [Medical Updates](#))

**History...** In the past, there were many research projects going on with many different protocols. In the United States, these research facilities, typically at universities, would report to the National Institute of Health (NIH), who would then collect the data to see what protocols & treatments worked the best.

In the early 2000's, there was a world-wide shift & the Children's Oncology Group (COG) was formed. COG began to collect the data from all around the world. World-wide doctors & researchers collaborated, sharing information to create protocols that would work the best.

In the United States, the Federal Department of Agriculture (FDA) regulates the safety of each child. For a Clinical Trial to continue & remain compliant, every treatment given must be completely documented both timely & accurately; which includes, about 3 inches of paperwork. For example, if a child receives 3 treatments per week, that is approximately 9 inches of paperwork.

Accurately completing these detailed documents is very time consuming, which is why *Stop's* Medical Advisory Board suggested supporting the personnel team needed to complete these important documents. Because of *Stop's* support both Doctors & Researchers are able to devote their time to research & quality of care to patients, plus add potentially life saving additional Clinical Trials.

**Sometimes superheros  
reside in the heart's of  
small children fighting big battles.**

*Author Unknown*

# Thank You!

# President's Corner

## Dear Friends of Stop,

**T**his year has been one of the most unusual in our lifetimes. The challenges for the past months have tested our abilities to adapt and most certainly our patience. It has been especially tough on the health providers in our communities. I hope you can keep a big smile under your mask and appreciate the little things that make up our daily lives.

The past year has been a year of many positive things for Stop Children's Cancer (*Stop*). Thanks to the hard work and dedication of the Board of Directors, many, many volunteers, Christy Gibbons, our new Administrative Director, and Tracy Christie, our Accountant, we have been able to stabilize and grow our financial status. Thanks to our many donors we continue to fund support for the research and pediatric clinical trials at UF Health Shands under the guidance of Dr. Bill Slayton.

It is amazing the work being done and the progress toward stopping children's cancer. There are 62 clinical trials open currently, 42 treatment trials and 20 trials that are pure science. Funding has been focused in 3 areas; *Stop Children's Cancer/ Bonnie R. Freeman Clinical Trials Fund*, *Stop Children's Cancer/Kimberly H. Flaitz Research Grant* and *Lyrics for Life Foundation/Stop Children's Cancer Jeffrey A. Block Research Award*.

Our fundraising efforts beginning June of 2019 through March of 2020 achieved record highs!! Starting with the 25<sup>th</sup> Annual Bob Dooley Invitational Golf Tournament, the 1<sup>st</sup> Bonnie's Birthday Bash, the 26<sup>th</sup> Annual Charity Golf Classic, the 7<sup>th</sup> Annual Kickin' It Martial Arts Tournament & Expo, the 21<sup>st</sup> 93.7 K COUNTRY Bear-a-Thon, the 38<sup>th</sup> Annual Gainesville Street Rods Event then celebrating the year end with the 32<sup>nd</sup> Annual Fantasy Event Roaring 2020's!

We lost two dear friends and long time *Stop* Volunteers this past year. Sue Boate was a longtime Board Member, Distinguished Director and served as our Executive Director from 1990 to 1995. For over 25 years, Archie McCormick contributed to *Stop* as a longtime Board Member & Chaired the Decoration Committee for both our Fantasy Events & Holiday Traditions.

As we move forward we are working to expand our outreach and you can help. If you are on Facebook please **LIKE** our *Stop* page. Invite all of your friends and be sure to **SHARE** our posts. Our website continues to improve and keep you up to date.

We would like you to be an advocate for *Stop*. With your assistance we can reach thousands more people. Be sure to keep in touch and check us out at [StopChildrensCancer.org](http://StopChildrensCancer.org).

Please think of *Stop* and consider becoming a benefactor in your estate planning or will. An attorney can help you with that. If you are over 70, ask your tax advisor about the benefits of directing part or all of your required minimum distribution to *Stop*.

Serving as the president of Stop Children's Cancer and as a longtime board member I want to "thank you" for your support of our organization. Our board is dedicated to continuing Bonnie's dream of stopping children's cancer. Great strides have been made, but there is so much more to do. With friends like you and the support of so many volunteers, the doctor's at UF Health, the Board of Directors and our staff, we will continue the mission.

Stay healthy, and we are looking forward to resuming our fun events and seeing you soon.

Jim Robertson, President

### 2019 - 2020 Events Committee Members:

Phyllis Baucom	Adair Garrett
Lynn Bennett	Larry Hartfield
Diane Biernacki	Denise Henault
Kayleigh Blackburn	Cynthia Holt
Stephanie Brint	Burt Hughes
Jim Carnes	Mac McCarty
Becky De Marie	Mark Nordman
Pat Dooley	Lisa Renshaw
Tim Dooley	Storm Roberts
Beth Flaitz	Jim Robertson
Carolyn R. Freeman	Marc Spiwak
Howard Freeman	Peter White
Laurel Freeman	

### Advisory Committee

Pamela Barry	Ronnie McCormick
Susanne Bullard	Mark Nordman
DeAnna Chapman	Evan Pitts
Tim Dooley	Jenna Priest
Leslie Florence	WJ Rossi
Tricia Garzon	Bob Roundtree
Robert Groeb	Leon Schneider
Gary Holthus	Mark Spiwak
Laura Lytle	Laura Stewart

### Staff:

Christy Gibbons, Administrative Director  
Tracy Christie, Accountant

## Sharing a Life of Living & Giving

**A**rchie McCormick made magic happen! For over 25 years, he supported & was an advocate for Stop Children's Cancer. Archie served on the Board of Directors & any decorating committee he could sign up for! It was inspirational to see how Archie & his team decorated *Stop* Events to any given theme on a very small budget, plus graciously

donating extra time. Archie was passionate about decorating, loyal to his friends & lovingly devoted to his family. He was like the "ever ready battery" with his wonderful smile & great sense of humor! His zest for making the world a better place will continue as his wife, children & grandchildren carry out his volunteering legacy. We were blessed to have both Archie & Barbara attend this year's 32<sup>nd</sup> Annual Fantasy Event Roaring 2020's on March 7<sup>th</sup>. Regrettably, in June of 2020, Archie passed away & will be greatly missed.

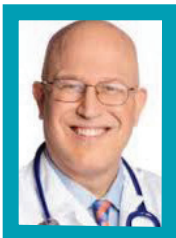

**S**ue Boate, was a great leader as she led by example. Sue's passion for making the world a better place was incredible. Her devotion to *Stop's* causes & determination to do a job well were to be admired & loved. She began her commitment to *Stop* by serving on numerous committees, then becoming

a member of the Board of Directors & transitioning into the Executive Director for over 5 years. Although, she changed careers, her passion continued by again, serving on the Board. Sue brightened a room with her smile & her scope of knowledge was inspiring. Sue loved & adored her family & friends. Volunteering was a "family affair"; she would organize her "crew" and the results were truly fantastic. Sadly, in July of 2019, Sue passed away from cancer. Sue could not save herself, but her legacy is everlasting.

# Medical Updates...

## Dr. William Slayton

*Professor, Department of Pediatrics; Chief, Division of Pediatric Hematology/Oncology; University of Florida College of Medicine*

**S**top Children's Cancer (*Stop*) committed over \$2 million dollars for 12 years beginning in 2010, to support pediatric cancer Clinical Trials at the University of Florida. This amazing level of support has allowed children in our community to have access to innovative new treatments.

These Trials have led to some important discoveries that will improve the survival rate of children today, and into the future. By supporting UF's Director of Pediatric Oncology Clinical Trials Program, Dr. Giselle Moore Higgs, *Stop* allows her to lead a staff of five who make sure that clinical trials from cooperative groups such as the Children's Oncology Group (COG) are run safely.

The COG trials pool information from patients treated from over 200 different hospitals in countries in North America, Europe and Australia, in order to make discoveries that have a major impact on curing childhood cancer.

One such discovery has been the use of a drug called a Blinatumomab to treat patient with relapsed B-cell Acute Lymphoblastic Leukemia. This is the most common form of childhood cancer and when it relapses can be a challenge to cure. Blinatumomab is a form of Immunotherapy. It is a protein that attaches to T-cells, immune cells that can kill cancer cells, and causes them to stick to the cancerous Leukemia cells. This contact triggers a killing pathway that leads to the death of the Leukemia.

Using this method has improved the cure rates of these patients and has been safer than using standard chemotherapy that can be so toxic to the body. This treatment is now being tested in trials open at UF to a high-risk group of newly diagnosed patients with Acute Lymphoblastic Leukemia, who are more at risk of relapse based on the fact that they are responding slower to therapy. If we can prevent a relapse, we will improve survival, and also the quality of life by preventing patients from having to go through treatment a second time.

A second important discovery has been the use of medicine called Nelarabine in T-cell Lymphoblastic Leukemia. This drug accumulates specifically in the T-cell Leukemia, and adding it to a standard for T-cell Leukemia has improved the survival in patients with high risk disease from 80% to 92%. Like Blinatumomab, because the drug targets the Leukemia cells and leaves normal cells alone, patients had fewer side effects when they received this medication.

One other important benefit was that Nelarabine prevents the disease from coming back in the brain which is a common type of relapse in this form of cancer. At UF, we now give this medicine to all of our children with T-cell Acute Lymphoblastic Leukemia.

The final important discovery, to mention in our update, is again with the COG. Neuroblastoma is a devastating form of cancer that predominantly affects children from 0 to 4 years of age. Neuroblastoma has been a major challenge over the span of the past 4 decades. In the past decade, the addition of an antibody to GD1 has been added to treatments. GD1 is a protein found on Neuroblastoma. Adding this antibody treatment, another form of Immunotherapy, improves the cures from 50% to 70% in children with high-risk Neuroblastoma.

In addition to supporting the cooperative group trials, *Stop* has committed \$450,000 to develop Immunotherapy for children with bone tumors and T-cell Leukemia and Lymphoma that are being developed at the University of Florida. Of this commitment, \$200,000 donated to Stop Children's Cancer has come from Lyrics for Life Foundation, a philanthropy driven by Ken Block, the lead singer from Sister Hazel, whose brother, Jeffrey, died from this form of cancer. UF is also developing vaccines to treat Osteosarcoma, a particularly aggressive form of bone tumor that effects children.

*Stop* fills an obvious need by providing resource for cutting-edge therapies and developing new tools to cure our children in our community and throughout the world. Thank you for supporting Stop Children's Cancer!

## Cancer Research Grants & Award Given In Memory of...

### Stop Children's Cancer / Kimberly H. Flaitz Research Grant

In 2018, *Stop* gave a grant of \$250,000 over a 5-year period to provide seed monies for Dr. Matthew Cascio, in developing a tumor vaccine

for Osteosarcoma. This past year, the Board excitedly agreed to rename these funds in memory of Kimberly H. Flaitz, who passed away in 1996, from Ewing Sarcoma, a particularly aggressive form of bone tumor. While Kimberly was not cured from this dreaded disease, her legacy will be remembered by this important work being done!

*Stop Children's Cancer makes a major impact on childhood cancer survival by supporting clinical trials ~ Dr. Slayton*

### Lyrics for Life / Stop Children's Cancer Jeffrey A. Block Research Award

**L**yrics for Life Foundation teamed up with *Stop* to give Dr. Paul Castillo two \$100,000 Awards. His research is developing personalized targeted immunotherapy

for T-cell Lymphoma & Leukemia. Sister Hazel, with lead singer Ken Block, formed the Lyrics for Life Foundation. This philanthropy supports much needed camps & other projects to help children with cancer. Although Ken's younger brother, Jeffrey, passed away from T-cell Lymphoma in 1989, this Research Award honors the memory of Jeffrey with the hopes of finding a cure!

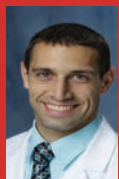

Sister Hazel's Lyrics for Life Foundation has graciously donated more than \$500,000 to Stop Children's Cancer.

*Only 4% of all federal spending on cancer research goes towards cancers of children ~ Dr. Slayton*

## **Thank You Stop Children's Cancer Volunteers**

## The 21<sup>st</sup> Bear-a-Thon 93.7 K COUNTRY

February 12, 2020

**W**OW!!! 93.7 K COUNTRY did it again!!  
Only BIGGER!!! This year exceeded  
all Bear-a-Thon Records!!

Thank you to all the  
wonderful listeners who  
bought bears, ducks &  
live auction items. You  
really stepped it up &  
brought joy to so many

children with cancer! A big shout out  
to the many volunteers who answered  
phone calls, picked up food, supported  
the team & all the restaurants who kept  
us fed throughout the day: Bagel Bakery,  
Chef Ami, David's BBQ, Jersey Mike's, The  
Winghouse & Wise Guy Pizza in Ocala.

When Bonnie passed away in 1983, at  
the age of 12, the cure rate for Leukemia  
was around 35%. Today, the cure rate is  
over 90%!!! Her vision is coming true;  
however, there is still more important  
Research & Clinical Trials to be done.

## The 25<sup>th</sup> Annual Bob Dooley Golf Tournament

June 7, 2019

### An Amazing Tribute To Amazing Man!

**T**he "Bob Dooley" is a tribute to an  
inspirational role model - Bob Dooley!!!

Pat & Tim have dedicated  
this golf tournament for 25  
years honoring their loving  
Dad!!

Thank you, Bob & Marge,  
for raising children who  
appreciate life, value  
family & friends & believe  
in giving back to others!!!

Thank you, Pat, Tim, your beautiful  
families & all your incredible friends for all  
these years of supporting Stop Children's  
Cancer!

The 2019 Bob Dooley was the best ever!!  
Pat & Tim's sponsors, vendors, family &  
friends, many who have been supporting  
the "Dooley" every year, were once again  
beyond generous!!!

Whether playing golf, eating delicious  
food at every hole, participating in the  
silent auction or simply enjoying a day  
of friendship, a great time was had by  
all!!! Plus a record amount was raised for  
Stop!!!

A big thank you to everyone for being  
part of the "Dooley-Stop" Team!!!

The 26<sup>th</sup> Annual  
Bob Dooley  
Golf Tournament  
is TBD

Pat & Tim  
are hoping soon!

## Gainesville Street Rods 38<sup>th</sup> Annual Car Show

March 7<sup>th</sup>, 2020

**T**he Gainesville Street Rods has been a  
proud supporter of Stop Children's Cancer  
for more than 35 years.

This year's "Annual Car Show" was once  
again a huge success! Everyone enjoyed  
a beautiful day & saw incredible cars on  
display, plus raised money for Stop's mission  
of prevention control & cure of childhood  
cancers.

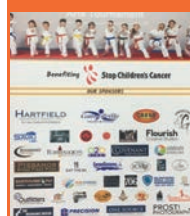

This event is worth seeing, watch our  
website for future shows! Thank you "Street  
Rods" for making a difference by supporting  
research that positively changes lives of  
children with cancer!!!

## 7<sup>th</sup> Annual Kickin' It Martial Arts Tournament & Expo

October 19, 2020

**T**hank you to everyone for making this  
the best event ever!!!!

Larry & Debbie Hartfield  
spearhead this fabulous  
& amazing "Kickin' It"  
encouraging discipline,  
kindness & sportsmanship  
to children, while  
increasing awareness of  
Stop Children's Cancer.

Special Thank You's to:  
The Gainesville Health & Fitness Centers  
for hosting this event for 7 years in a row!!!

Keith Teller & Nirav  
Shah for providing  
endless technical &  
logistic support to  
make the event run  
smoothly!!

All the amazing  
Participants & Families!!!

All the generosity from  
families, volunteers  
& silent auction item  
donors.

Each of you play such  
an important role & are  
greatly appreciated!!!

# The Sam & Ina Gross Memorial Lectureship

September 26, 2019

A wonderful time with Guest Lecturer Dr. Michael R. DeBaun!!!

This annual lectureship is a \$100,000 endowment funded by Stop Children's Cancer & UF Health Pediatric Division, in

memory of both Dr. Samuel Gross (Bonnie Freeman's doctor) & his beautiful wife, Ina. He believed UF faculty & students deserved the opportunity to engage in the most up-to-date research.

This endowment is designed to invite leading experts in the field of Pediatrics to share their knowledge.

The day begins with a technical lecture at UF Health Shands Medical Center, then Grand Rounds with the doctors.

After a day of sharing information, the guest lecturer is the Guest of Honor at a dinner to meet Stop Board of Directors, additional faculty & other invited guests.

Dr. DeBaun, MD, MPH

Professor of Pediatrics and Medicine, Vice Chair for Clinical and Translational Research, J.C. Peterson Chair in Pediatric Pulmonology & Director, Vanderbilt-Meharry Center for Excellence in Sickle Cell Disease.

## 1<sup>st</sup> Annual Birthday Bonnie's Bash

October 1 - 31, 2019

Thank you for the overwhelming support of our first online fundraiser! It was a huge success! Thanks for going to Facebook - sharing your stories, pictures, and giving generous donations!!!

One week before Bonnie's death, she wrote a letter stating she "...didn't want other kids and their families to go through all the same things which we had to..." (Visit StopChildrensCancer.org for the whole letter). Today, Stop has raised more than \$8,000,000!

Currently Stop dollars support 62 pediatric cancer clinical trials at UF Health Shands Children's Hospital. Each Trial advances Stop's mission of prevention, control and cure of childhood cancers.

When Bonnie passed away in 1983, at the age of 12, the cure rate for T-cell Leukemia was about 35%. Today, the cure rate is over 90%!!

Thanks to you, Bonnie's vision is coming true; however, there is still more Research & Clinical Trials to be done.

See you October 2020 at the "2nd Annual Bonnie's Birthday Bash"! We look forward to hearing more stories.

NOTE: In 1983 Bonnie passed away, this year she would have been 50 years old. Bonnie would be so proud of the positive difference the "Stop Family" continues to do for children.

## Ways YOU Can Help...

### **Follow, Like & Invite your friends to our Social Media Pages**

**FACEBOOK:** facebook.com/stopcc

**INSTAGRAM:** stopchildrenscancer

**TWITTER:** @Stop\_CC

### **Please consider choosing Stop Children's Cancer while shopping on:**

**Amazon Smile Foundation**

[smile.amazon.com/ch/59-2624901](https://smile.amazon.com/ch/59-2624901)

**PayPal Giving Fund & eBay**

Stop Children's Cancer is a Certified Charity for PayPal Giving Fund.

Ebay uses Giving Works for listings & PayPal GivingFund for buyers.

### **Evite**

When creating invitations, you have an option to add a donation button, please consider choosing Stop Children's Cancer.

### **Estate Planning & Wills**

Please consider becoming a benefactor in your estate planning or will. An attorney can help you set everything up. If you are over 70, ask your tax advisor about the benefits of directing part or all of your required minimum distribution to Stop Children's Cancer.

### **Join our Cause**

Go to [StopChildrensCancer.org](http://StopChildrensCancer.org) and select the Login or Register button!!

## University of Florida Campaign for Charities

### **Attention all UF Employees:**

Stop Children's Cancer is participating in the University of Florida Campaign for Charities (UFCC) this year.

UF Employees, who participate in the UFCC, please consider choosing Stop Children's Cancer as your selected charity.

*Thank you!! You are making a positive  
difference in childhood cancers.*

## American Online Giving, FrontStream & Benevity Causes

### **Attention Employees:**

Stop Children's Cancer is participating in several employee giving campaigns for Charities through your employer. Please consider choosing Stop Children's Cancer as your selected charity.

If we are not one of your options, please let us know who your work place giving is through, so we may register with them.

*Thank you!! You are making a positive  
difference in childhood cancers.*
