

Help Wanted

The Southern Indiana Development Commission is seeking part time employees to assist in setting traffic counting equipment up to five days a week in the SIDC Region between the months of April through September. SIDC will train the employees so no prior knowledge is necessary, only a good work ethic. Responsible High school (summer), college and retired candidates can apply. The equipment must be set early in the week and retrieved after 48 hours so you must be willing to work at least 2 days a week but start times are flexible and weekend work is rare. Applicant must have a valid driver's license and reliable transportation. Starting pay is \$12 per hour and more for experience. Mileage will be reimbursed at .58 a mile. Please contact Greg Jones at 812-295-3707 or gejones@sidc.cc in order to set up an interview. SIDC is located at 405 JFK Ave in the City Hall Annex Building Loogootee, IN. SIDC is a drug free workplace.
