Dear Lakenna Booker:

The department provides annual federal school accountability designations that reflect performance and growth in accordance with state and federal laws. In 2024, your school was identified for Targeted Support and Improvement (TSI). As a result, your school received targeted support from the department in 2025.

We are writing to inform you that **your school was not identified for TSI for any given student group in 2025**. Thank you for your diligence in improving outcomes for students in Tennessee!

Additional resources to understand Tennessee's state accountability system are on the department's website. Please direct questions to TNED.Accountability@tn.gov.

Sincerely,
