These are your current club officers. None of these photos are mug shots. However I cannot swear they were all taken very recently.

Most of what I hear about the newsletter is “Nobody reads it,” but I know that is not completely true because I have heard some good words from some members about the newsletter. So here are some range reminders that can’t be repeated too many times.

Members, **YOU** need to pay attention to the range menu sign at the south gate. This sign is meant to advise you of range status. If the sign says a particular range is closed, then it is “**CLOSED**”! The barricade may or may not be across the path, **THE SIGN** determines range status!

Also if you make changes to the sign for your match, **MAKE SURE YOU CHANGE IT BACK TO WHAT IT'S SUPPOSED TO BE.**

RANGE SUBJECTS:

1. **Those using the south range need to drive all the way down to the maintenance shed to make sure the area is clear before sending lead down range. Someone's life or at the very least your continued membership may depend on it.**
2. Pickup your brass, put it in the brass bucket, not the trash.
3. Before you leave, make sure you take down your targets.
4. Pickup your trash, make it a habit to leave it better than you found it.
5. The speed limit is 10MPH, please observe this while on club grounds.

Coffee time: On the second and fourth Thursday of each month a group gathers at the clubhouse at 8:30am for coffee and fresh Daylight Donuts. October coffee dates are Thursday the 9TH. and 23RD.

The fall workday will be October 25th. Bring standard tree trimming and power tools.

New Members:

Matthew Guisinger was voted into club membership. Matt is a former member of the club, so we welcome him back.

PROGRAM REPORTS:

Shotgun: Dennis reported that 5 stand will continue through October on the first and third Thursdays and the first Sunday of the month.

High Power: John reported four new participants in recent matches. The CMP smallbore match to held on Saturday the 13TH.

PCC: September match was cancelled due to a shortage of participants.

4-H: Will hold practice on September 9TH.

A woman walked into a gun store.

"It's for my husband" she tells the owner. "Did he tell you what caliber to get?" the owner asked.

"Are you kidding, he doesn't even know I'm going to shoot him."
