~ denotes performances averages rounded up to 50cm (Turbo) or 25cm (Long Jump Pit)

### Notes

The 2026 competition introduced some changes based on feedback from the 2025 event. Changes included:

- more time between age groups to alleviate crowd congestion issues
- introduction of Turbo for all ages instead of bean bags
- introduction of pit Long Jump instead of Standing Long Jump for u11
- introduction of 300m for all ages.

To accommodate these changes other changes were required including:

- removal of relays as these were available to u10 & u11 at the Relay Championships the previous day.
- athletes do two events instead of three to facilitate tighter timetable and ensure each match can run within 80 minutes

### Future changes & considerations

- Introduction of a 'Repechage Heat' for athletes who don't proceed to the Semi-Final of the 60m. Ensure all athletes run two races
- Consideration given to Pools for U11 pit Long Jumps if numbers exceed 60 athletes. Boys had 58 entries and the event was completed in 40 mins, this involved an athlete jumping every 10 seconds.

A typical long jump with measuring tapes will see an athlete jumping every 40 seconds. The Girls had 104 entries so competition jumps had to be restricted to two jumps with one practice, two pools of 50 athletes in the timetable will alleviate this issue.

- Continue to expand the use of Youth Officials on the day
