AHSHD		X (1)	X (1)	X (1)	X (1)	X (3)

(1) Requires 3 pt hitch and hydraulic PTO

(2) Requires hydraulic PTO

(3) Requires 3 pt hitch

+ May require PTO valve modification (see page 21)

* Can not be used on following model tractors:

220 - PIN 9702946 to 9734870

444- PIN 9711027 to 9739739

222 - PIN 9706651 to 9736998

446- PIN 9728158 to 9742953

224 - PIN 9708665 to 9738335

INDEX

There is an index at the front and rear of this catalog. The front index is an alphabetical index of the major groups or assemblies.

The rear index is a numerical index of the part numbers and pages on which these numbers are shown.

ILLUSTRATION

Each illustration in this catalog shows a group of parts or components. These parts and components are aligned approximately as the parts and components on your machine. Each part and component in an illustration has a reference number. These reference numbers are in a list on the page opposite of the illustration. Next to the reference number is the part number, description and required quantity of the part shown in the illustration.

UAR - "Use as required" indicates that the part quantity is variable.

NSS - "Not sold separately" indicates that the part is only available as component of an assembly or the part must be purchased locally. If the part is an assembly component, the description will be indented under the assembly description in the parts list.

O/L - "Obtain locally"

- "Footnotes" are added to a part number when more information is needed for identification. They only relate to the part numbers indicated. All orders must include the following information:

PARTS ORDERS

1. Correct part number.
2. Complete description of part or component.
3. Total quantity of each part or component.
4. Product model number.
5. All necessary product identification numbers.
6. Method for sending the parts.
7. Complete and correct address.

CATALOG REVISIONS

As the product changes, new pages will be available for your catalog. A notice will be issued.

IMPORTANT: Put all revisions into the catalog as soon as possible.

RIGHT HAND AND LEFT HAND IDENTIFICATION

The words right hand (RH) and left hand (LH) as used in this catalog indicate the direction while you are in the operator's seat in the normal operating position.

INDENTED DESCRIPTIONS

An assembly can have many components. The components of an assembly are indicated by an indented description. The quantity for an indented part is the total needed for that complete assembly. See the example.

REF.	PART	NO.	DESCRIPTION	REQ'D
	C	55159	CYLINDER ASSY - rear steering	1
28	C	56208	SOCKET ASSY - rear cylinder	1

J32, K32, L32, HSHD, HSWD WOOD SPLITTERS

HYDRAULIC PTO VALVE MODIFICATION

These parts included with J32, K32, L32 Only

J32, K32, L32, HSHD, HSWD WOOD SPLITTERS

HYDRAULIC PTO VALVE MODIFICATION

These parts included with J32, K32, L32 Only

This list only includes parts added to Hydraulic PTO Valve for splitter application.
For other valve parts, see Hydraulic PTO Valve section in tractor catalog.

NOTE: HP30, HP40, M17, N17 hydraulic PTO valves require no modification for splitter use.
