Our 45" x 48" x 50" heavy-duty collapsible bulk container is engineered for repeated use under the harshest conditions. This bulk container offers superior quality and value, is in stock, and is readily available for immediate shipment. This heavy-duty collapsible container has a 1,700 lb capacity made from high-density polyethylene. The pallet base allows pallet jack and 4-way forklift access for secure and efficient handling. Drop doors on the 48" sides allow for easy access to the contents of the container. This collapsible bulk container is ideal for storing and handling various parts, industrial materials, and commercial supplies. It has a 1.7:1 nesting ratio that maximizes storage space and cuts return shipping costs.

FEATURES & BENEFITS

SPRING LOADED LATCHES

Ergonomic spring loaded latches provide a quick and reliable locking mechanism for both access doors and collapsing sidewalls.

OPEN GRID

The open grid floor on this container provides exceptional strength while lowering shipping weight and conforming to manufacturing facility fire codes.

INTERLOCKING WALLS

Interlocking sidewalls at the corner of the container ensure high load capacity and stability.
