### Tandridge Neighbourhood Watch Newsletter

Bulletin 17 August 28th – September 10th 2025

Dear Residents

The Herbert Protocol

Do you know or care for someone with dementia?

Surrey Police operate 'The Herbert Protocol' which is designed to assist with finding someone living with dementia should they wander from home.

Dementia is an umbrella term for a range of progressive conditions that affect the brain.

It can affect a person at any age but it's more common in people over the age of 65.

Keeping a completed form saves the worry of trying to recall the information during the stressful time of someone going missing.

It also saves time for the police, allowing the search to start sooner.

The initiative is named after George Herbert, a war veteran of the Normandy landings, who lived with dementia.

He died whilst 'missing', trying to find his childhood home.
