

Creating Conditions of Learning so All Students Can Succeed.

Title I Definition

A federal allocation of funds for schools classified as low income for the purpose of assisting students to demonstrate proficiency related to the state's academic standards.

Title I Purposes

- Help students to achieve proficiency on state academic standards
- Support teachers through quality professional development
- Enhance parents' abilities to help their children succeed through quality parental involvement activities

Use of Funds

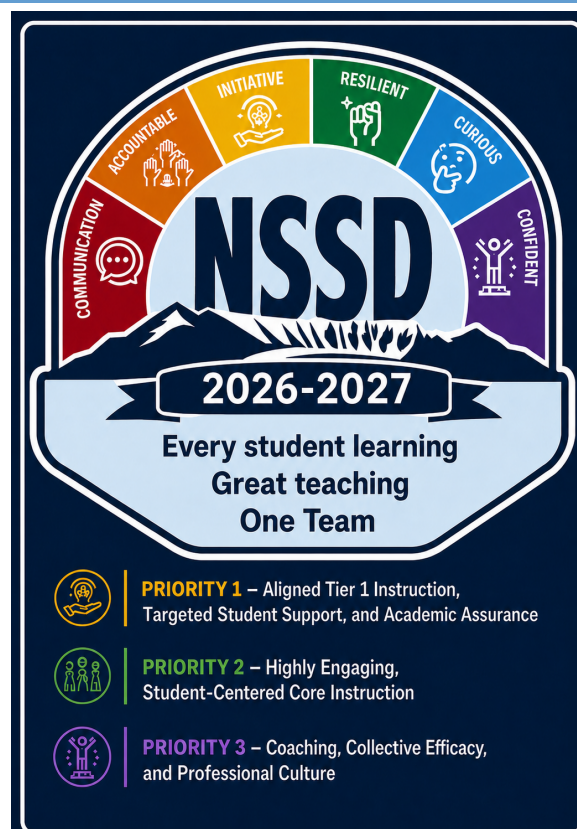

- Implement school goals and objectives.
- Support individual student achievement.
- Avoid supplanting programs created by other State and Federal funding sources.
- NSSD Title I funds are primarily used to pay for interventionists that directly support student learning.

Parent Involvement

Our parents are the key to our success. In registration, parents review the Parent and Family Engagement Policy, the School Parent Compact will be sent home and posted on the school website. Other parental input may be provided through the School Community Council. The school provides parents access to assessment and evaluation data.

Community Council

Each school elects a Community Council consisting of parents, teachers, and the principal. The Community Council reviews data and prepares a plan, to identify and address the school's greatest need(s), reviews school policies and practices, and assists in other decisions that impact student learning. Your council or committee receives an annual dividend from State School Funds every July which is used to implement your school's approved plan during the next school year. Anyone interested in participating is welcome to attend, the meeting schedule is posted on the school website or on the school calendar.

Staff Qualifications
