23 Welcome Spring	24 	25 	26 	27
30 Hop into Easter	31 		 He Is Risen!	

Play is the most important thing in your baby's world. Play means being free to move in his/her body, because moving is play for a baby. It also means being able to choose what to play with and playing with it for as little or as long as he/she wants to. Play includes: singing, dancing, making funny faces, and talking together.
