Letter to Pupil Champions and Chaplains

Dear Pupil Champions and Chaplains,

I have enjoyed the time that I have spent with you this year and all of the discussions we have had around the subject plans.

When we started back in September, we had a lot of activities to undertake which required a lot of effort and support. I was very impressed by the thought you put into the plans and also by the fact that you took time to ask and engage all of your classmates to make sure that their voices were heard.

It seemed a huge task to complete all of the proposals you had, but as we met through the year your files grew with examples of the work undertaken and photographs and displays to let me see all of the work in action.

What struck me was that every task undertaken improved the experience and learning for everyone in school and also ensured that even as we learned and shared the hard work, we had tremendous fun.

As I come into school, everywhere I look I can see evidence of all that you have helped to achieve.

On behalf of all of the Governors I would like to say thank you, but especially a personal thanks from me for your time, ideas and for sharing this with me.

Whilst we have achieved a lot, I am sure you are left with many more ideas, and as new Pupil Champions and Chaplains take their places you can share your learning and we can carry over our unfinished business and ask them to take up the challenge.

I look forward to meeting you in September and to hear all of the plans for the new school year.

Mrs Whitney
Chair of Governors
