PEOPLE FIRST INDUSTRIES OF BRYAN COUNTY, INC.

Working to Make A Difference Since 1978

MOP CARE 101

After Each Use

- ◆ Rinse a wet mop with clean water and wring it out thoroughly.
- ◆ Take a dust mop head and shake, vacuum, even brush if necessary to completely remove the large particles that cling to it.
- ◆ Launder all mops as needed.

Directions For Laundering

- ◆ Put dust mop heads in a netted bag.
- ◆ Wash in hot water (160 degrees) without bleach or fabric softener for 20 minutes.
- ◆ Never Use fabric softener on a “Microfiber” product.

Storage Of Your Mop

Your mop will last longer if it is thoroughly dried and stored in a dry area. When laundered, dry completely at less than 150 degrees for approximately 18 minutes without fabric softener sheets. Whether cleaned after a use or fully laundered, always hang a wet mop so that fibers face DOWN in a dry area.

Mop Wellness

Mops deteriorate more quickly when they are used inappropriately, when used with excessive amounts of bleach or detergent, when over washed or washed or dried in excessive temperatures. For any of these reasons, or simply when a mop has been used so long that its weight is only 75% of its original weight, it is time for a replacement. Otherwise it will take you 1/3 longer to get the job done.

Dura-Lon Yarn Dust Mops

Dura-Lon yarn launders and dries in half the time of cotton yarns. Simple hand washing with a cold water rinse and drip drying will be enough in most cases. If mops are machine laundered, follow the label directions except do not remove mops from laundry nets when tumble drying.

Caution

Dura-Lon dries quickly. Use lower temperatures and reduce drying times. Bleach will cause severe weakening and deterioration. The use of fabric softeners is NOT recommended.

Product Code: CAR—84104523

Sparta Bronco round waste bin lid fits 44 gallon Sparta bin. Made of durable plastic and reinforced with drag skids for maximum longevity. Locking lid stays in place. Design prevents water from collecting on lid.

Units: 1/each

Product Code: CAR—84104423

Sparta Bronco Round waste bin trash container—44 Gallon, Gray. Made of durable plastic and reinforced with drag skids for maximum longevity.

Units: 1/each

Product Code: BBP - 540210 Scratch Brush

Better Brush Shoe Handle wire scratch brush with scraper. Steel wire bristle brushes are used for removing paint, grease, rust and corrosion from metal. Trim: 1 1/4", Wood Block: 10" L, 4x16 rows of tempered steel

Units: 1/each

Product Code: O cedar Spin Mop

Easy wring microfiber spin mop system comes with a washable and reusable Easy Wring mop head. Removes 99% bacteria with just water. Foot pedal for hands free wringing.

Units: 1/each

The Oklahoma State Use Program's vendors secure contracts with state agencies to provide a variety of goods and services. These contracts are specifically designed to create sustainable jobs for people with developmental disabilities, offering them a path to economic independence.

The State Use Advisory Council, which consists of seven members, meet a minimum of twice a year with the purpose of exchanging ideas on how to market and improve the program, ensuring it remains effective and continues to benefit both the state and the people it serves.

The program is a self-sustaining initiative that benefits the state by reducing public assistance by providing stable employment and saving the government on average \$2700.00 per person.

This makes the program a 25% economic advantage to the state at no cost.

Broader Economic and Community Impact

Beyond the direct financial savings, the State Use Program provides significant, long-term benefits to Oklahoma's economy and communities.

- **Increased Tax Revenue:** Participants earned income contributes directly to the state's tax base through income and sales taxes. This shifts individuals from being recipients of government aid to being active, tax-paying citizens.
- **A More Inclusive Workforce:** The program champions diversity by showcasing the value and talent of employees with disabilities. This helps foster a more inclusive and accessible workforce across Oklahoma, encouraging other businesses to adopt similar hiring practices.
- **Improved Quality of Life:** Meaningful employment boosts the self-worth and independence of individuals with disabilities. This leads to improved health and well-being, fostering a greater sense of purpose and community engagement.

TYPES OF MOPS

Endurance Blend	Endurance Looped End wet mops are made to last. Constructed with one continuous strand of yarn, they are the most durable mops on the market today. Made from 4-ply synthetic blend yarn. Looped Ends resist tangles and frays. With a durable vinyl-coated mesh center these mops can be laundered for maximum product life.
Antimicrobial	Antimicrobial Looped End wet mops fight to stay clean. With built in protection that inhibits the growth of bacteria, fungi, molds and mildew, this mop is perfect for any use, especially in health care facilities and the food service industry. Made from 4-ply synthetic blend yarn. Antimicrobial protection remains active after repeated use and laundering.
Candy Cane	Candy Cane Looped End wet mops are ideal for the final touch on your floors. The unique blue and white construction distinguishes this finishing mop from other mops. Made from 4-ply white rayon yarn with one premium blue strand.
Microfiber	If a highly-launderable, super absorbent mop is what you need, look no further. This mop offers superior on-the-floor performance with minimal lint residue. The microfiber also helps to reduce bacteria left on the floor. Made from super absorbent microfiber and constructed from high-quality materials.
Monofilament	Monofilament Looped End finish mops offer a solution to the main problems of floor finishings: lint, operator fatigue and wasted finish. Made from white, no lint monofilament yarn. Glides smoothly and evenly, releases completely. Laundering not required—just rinse in cool water and drip dry.
Rayon	Rayon wet mops are perfect for liquid application. Rayon keeps chemicals and disinfectants on the floor longer, which is significant in health care facilities . Made from a 4-ply rayon and synthetic blend yarn. Fast drying, relatively low lint. Mildew resistant.

“Utilizing Talents”

Our **STARS** have a unique and specific combination of skills, abilities, and characteristics that make them a valuable, potential contributor to the general workforce. The State Use Program is dedicated to ensuring that all individuals get equal opportunity to display and utilize their talents in programs that provide growth and learning.

DUST MOPS

Product Code: SP365HS (GST-ACB36ITW) 1000030768/18

36 X 5 professional dust mop that is constructed for intensive laundering and use. These are pre-laundered and ready for use.

"Satisfying Needs"

Oklahoma's job market is full of opportunity, yet many individuals lack access to structured vocational support. Our work programs allow us to meet our **STARS** where they are and walk alongside them every step of the way; focusing on person-centered planning, which connects their personal strengths and interest with customized job opportunities, training, and ongoing support.

We are able to increase independence, economic self-sufficiency, and quality of life.

“SHANK-FREE” SAFETY ORANGE PRODUCT LINE

People First Industries has partnered with Briarwood Products to offer a full line of high-quality cleaning tools made from a specialized plastic. All tools in the line are 100% Metal-Free and ideal for use in Correctional Facilities. Included in the line are Dust Mop Frames, Adjust-A-Turn Surface Cleaning Tools, Wet Mop Holders, and Sweeping Equipment. All products are made in the USA.

- Designed to eliminate the potential for makeshift weapons from metal parts.
- Rugged 100% plastic construction—NO METAL
- Most units are bonded with adhesive to make a complete solid unit to prevent disassembly by inmates.
- All bristles are fused onto the block to ensure a secure Metal Free Bond
- Will not conduct electricity
- Chemical resistant and prevents bacteria growth.

SHANK FREE

Product Code: 6025-24 1000032126/35

Shank Free 24x5 dust mop frame. Eliminates the ability to be sharpened into a shank. Safety orange polymer is a soft plastic that is durable. It provides frame flexibility and improves safety while cleaning. 6031E-PL56 handle sold separately.

Units: 4/case

Shank Free 36x5 dust mop frame. Eliminates the ability to be sharpened into a shank. Safety orange polymer is a soft plastic that is durable. It provides frame flexibility and improves safety while cleaning. 6031E-PL56 handle sold separately.

Units: 4/case

Product Code: 6031E-PL56 1000032128/33

Shank Free Clip-on with handle. Made from flexible rubbery plastic which eliminates the ability to be sharpened into a shank or shank holder. Can be locked straight for hallways or unlocked for swivel action. Metal Free. Made exclusively for 6024-24 and 6025-36

Units: 4/case

Product Code: 6010 1000033278/52

Orange Shank-Free dust pan is custom-molded from a special polymer that eliminates the ability to be sharpened into a shank or shank holder. If abused, the dust pan will simply bend under stress. If burned, the dust pan will warp and be unable to be formed into a weapon. No sharp edges or components. May be included in cell for inmates to use.

Units: 1/each

Product Code: 6024-24 1000033624/55

The 24" Shank-Free and Metal Free Squeegee is made from a special rubbery plastic that eliminates the ability to be sharpened into a shank or weapon. The squeegee is secured with plastic screws. 6046-PL56 handle sold separately

Units: 1/each

Product Code: 6021-F 2000006021/72

Shank Free Easy Sweep Broom head. No Metal or Staples. Bristles are fused onto block. Kinetically amalgamated. Use with 6044-F56 or 6044-PL56 Easy Sweep handles. The 6044-F56 is Fiberglass. The 6044-PL56 is Plastic Flexible Handle. Sold Separately.

Units: 1/each

**Product Code: 6044-PL56**

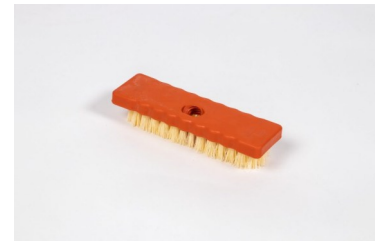

Shank Free Easy Sweep Broom Handle. Made from a special plastic that will virtually eliminate the ability for inmates to form or reform a shank or shank-handle. 1" diameter handle is strong and durable. 6021-F sold separately.

Units: 1/each

**Product Code: 6019**

Shank-Free threaded wall washing brush. No metal or staples. Bristles are fused onto the broom block for a secure, metal-free bond. All bristles are strong and can withstand tough scrubbing on walls, floors, stairs and ceilings. 6042-PL56 handle sold separately.

Units: 24/case

**Product Code: 6021-SH9**

Shank-free easy sweep broom with 9" shank-free handle is designed to easily pass through a cuff/restraint box. No metal or staples. Bristles are fused onto block. Kinetically amalgamated and is ideal for cell cleaning.

Units: 6/case

**Product Code: 6022-18**

Shank Free 18" push broom head made from a specialized rubbery plastic that eliminates the ability to be sharpened into a shank or shank holder. 100% metal free. 6042-PL56 handle sold separately.

Units: 1/each

SHANK FREE

Product Code: 6023

Shank Free hand-held scrub brush. Safety orange handle eliminates the ability to be sharpened. 100% metal-free brush measures approximately 6" x 2.5". Scrub tile floors, baseboards, counter tops, and walls. Pointed "iron" tip reaches into tight corners. Bacteria, mildew and mold cannot build up inside the block. Bristles are fused for a metal-free bond. **Units: 24/case**

Product Code: 6042-PL56

Shank-free handle with 6210 flex short tip made from special plastic that eliminates the ability to form a shank, handle or weapon. 1" diameter handle. Designed to be safe for all to use. Use with 6022-24, 6022-18 push brooms and 6019 wall washing brushes that are sold separately. **Units: 1/each**

Product Code: 6046-F56

Specialized fiberglass squeegee handle with 6033 long tip. Unable to be splintered or sharpened by abrasion. 1" diameter. Use with a 6024-24 squeegee or 9038-PS floor scrubbing brush, which are sold separately. **Units: 1/each**

Product Code: 6062

Prison safe shank-free/metal-free toilet brush is made from a specialized plastic that is unable to be sharpened into a weapon increasing the overall safety within the facility. The anti-acid head of the brush and handle eliminates the growth of bacteria and mildew. **Units: 25/case**

Product Code: 9038-PS

Briarwood scrubbing brush has kinetically amalgamated bristles (no staples used). Bristles are melted into the broom block for a secure, metal-free bond. Universal 360 degree swiveling to clean walls, floors, stairs and ceilings with ease. Fits onto any standard threaded handle. **Units: 12/case**

Built for Business. Made for a Mission

At People First Industries, we believe in the power of purpose and opportunity. As a proud vendor for the Oklahoma State Use Program, we manufacture and distribute high-quality, durable mops and cleaning tools designed to meet rigorous commercial standards. Every purchase of our cleaning products directly supports our mission: Providing meaningful vocational training and employment opportunities for individuals with ***extraordinary abilities***. Every product in this catalog is carefully assembled, packed, and prepared for shipment by our dedicated **STARS**.

By managing our inventory and distribution operations locally, we ensure that heavy-duty cleaning tools are reliably delivered right to your front door. Your partnership directly supports this fulfillment network, expanding vital training programs in logistics and supply chain production. When you choose our products, you are not just getting an exceptional cleaning tool—you are investing in lives, building skills, and strengthening our community.

WAX MOPS

Product code: EZMWB Order: 1000031984/31

Our Monofilament looped end finish mop offers a solution to the main problems of floor finishing: lint, operator fatigue and wasted finish. Made from white, no lint monofilament yarn that glides smoothly and evenly and releases completely. Looped ends resist tangles and frays. Laundering not required—just rinse in cool water and drip dry. Durable vinyl-coated polyester mesh center band.

Units: 12/case

Product code: ECC424-SF Order #: 1000033130/49

Our Candy Cane Looped end wet mop is ideal for the final touch on your floors. The unique blue and white construction distinguishes this finishing mop from other mops. Made from 4-ply white rayon yarn with one premium blue strand. The looped end resist tangles and frays. Durable vinyl-coated polyester mesh center band.

Units: 12/ each
