

A SIMPLE GUIDE TO GIVING FROM YOUR DONOR-ADVISED FUND

The Easiest Way to Manage Your Generosity

A Donor-Advised Fund (DAF) is a charitable giving account that allows you to simplify your giving and multiply your impact. By recommending a grant from your DAF, you can easily support the mission of SEND International with the funds you have already set aside for charity.

What is a Donor-Advised Fund?

A DAF is like a personal charitable savings account. You can contribute cash, stock, or other assets to your DAF and receive an immediate tax deduction. Those funds can then be invested and grow tax-free. At any time, you can log in to your DAF provider's website and recommend grants to your favorite qualified charities.

How to Recommend a Grant to SEND International?

Recommending a grant from your DAF is a simple online process.

Step 1: Log in to your DAF account portal (e.g., National Christian Foundation, Fidelity Charitable, Schwab Charitable, etc.).

Step 2: Select the option to "Recommend a Grant" or "Make a Grant."

Step 3: Search for our organization by our legal name or Tax ID number.

- **Legal Name:** SEND International of the United States, Inc.
- **Tax ID (EIN):** 41-0713904

Step 4: Enter the amount you wish to grant and submit your recommendation. Your DAF provider will send the funds directly to us. You can often choose to make the grant anonymous or include your name and address so we can thank you for your generous partnership.

Disclaimer: This guide provides general information. Please consult your DAF provider or financial advisor for details specific to your account.
