ABOUT

JAMIE TABLEWARE

Jamie Tableware limited, founded in 1998, headquartered in Panyu district, Guangzhou, is a technology-based private enterprise focused on research and development, design, manufacture and sale of biomass fiber tableware. Our products are in great demand in Europe, United States, Southeast Asia, Middle East and gain a good reputation of customers from all over the world. At the same time, we access to the certificates of FDA, EU, LFGB, BSCI. In addition, our company can also accept customized sample service to meet the customers' requirements in all directions. Our factory covers an area of over 60,000 square meters and has 30,000 sets of self-developed molds, with more than 300 sets of advanced equipment of this industry, the annual output up to 60,000 tons. Through joint research with the Raw Materials Institute of South China University of Technology, the traditional melamine materials has been improved into a new type of environmentally friendly biomass fiber composite materials, and the performance of the products has been greatly improved.
