Family Plan Agreement – Effective January 2026

Our priority has always been to provide your children with exceptional, compassionate care and to make your family's experience as smooth and supportive as possible.

Over the years, we've added many services that go beyond what insurance covers. Services designed to make your care more accessible, convenient, and personalized. To continue offering this level of care, we have an annual family plan fee that helps us maintain these additional benefits, including:

- Same-day and urgent appointment availability
- Extended weekend hours
- Curbside vaccination and viral testing clinics
- Access to all seasonal vaccines
- Fast turnaround for school and camp forms
- Faxing documentation to schools and specialists
- Maintenance of secure electronic medical records
- Assistance with insurance authorizations
- Phone and written communication with advice nurses and physicians
- Access to one of our physicians on-call 24/7

To continue providing these important services, which make our practice unique and ensure we can be there for your family when you need us most, and to keep up with increasing operational costs, we've made an adjustment to our annual family plan fee, effective January 2026.

Annual Fee:

- Families with one child: \$200 per year
- Families with two or more children: \$300 per year

This fee will be automatically charged to your account annually on the anniversary of your original payment. We truly value the trust you place in us to care for your family. If this fee presents a hardship or if you have any questions, please reach out to us. We're always happy to discuss options and find a solution that works for you.
