

FARM INN'

On Main

Few of us have ever milked a cow in the predawn winter darkness, wrestled bales of newly cut hay on a hot July afternoon, cleaned out calves pens in the gloomy days of February, found a hidden litter of kittens in the hayloft or stepped in all the warm cow pies while herding the cows back home for milking, and yet the symbol of the Barn is alive and powerful in our minds.

Keith & I are very fortunate to have experienced country life at its best with our grandparents. Our childhoods have created beautiful memories which we now can pass on to our children, Courtney & Casey.

Barns symbolize endurance, security and stability. They remind us of less complicated times.

We hope you enjoy your visit to our Farm Inn' on Main. Sit back, enjoy the unique country atmosphere, the wonderful down home creations from the farm kitchen, and take time to remember our agricultural past.

We're glad you're here!!
